HACK 876 × Wolmer's

Wolmer's is building for its next 300 years. Hack 876 gives its students one day to build now.

Hack 876 is a one-day build competition bringing about 80 Jamaican secondary-school students together to turn ideas into working prototypes.

KINGSTON • FEB 20, 2027 (TENTATIVE) • ~80 BUILDERS • TEAMS OF 3–4

01 ALREADY ON BOARD

Campion College and Hillel Academy are already in.

The inaugural Hack 876 is taking shape. We would like Wolmer's students in the room with them.

Campion College

CONFIRMED SCHOOL

Hillel Academy

CONFIRMED SCHOOL

7 CONFIRMED JUDGES

Working at Tesla, Microsoft, Meta, Google, Accenture, Diageo, HashiCorp.

FREE FOR STUDENTS

No cost to apply. Food is provided on the day.

VENUE CONFIRMED

Spanish Court Hotel, Kingston.

SUPPORTED BY

Lev Beauty, Vault Motors, Norus Technologies, Frankies.

Wolmer's already builds.

A Wolmer's Boys' student was on Team Jamaica at the FIRST Global Robotics Olympics in Incheon in October 2026, where Jamaica won gold for innovation in engineering. At home, Wolmer's 300 is adding ICT labs and a multimedia STEAM centre.

Hack 876 adds students from other schools, a fixed deadline, industry mentors and judges who ask teams to explain their decisions. It is a single Saturday that asks nothing of the school timetable, and students bring their own devices.

Age Quod Agis
Whatever you do, do it to the best of your ability.

Robotics Olympics
Wolmer's Boys' students on Team Jamaica in 2024 and again in October 2026.

FTC Jamaica 2026
In the winning alliance in the finals of the FIRST Tech Challenge Jamaica championship.

Wolmer's 300
Expanded ICT labs, a professional studio and a multimedia STEAM centre, being built now.

Solar powered
954 solar panels, installed in 2024, power all three Wolmer's campuses.

> **"Given the local trends in skills development driven by rapid technology changes, the rise of artificial intelligence as a daily necessity, an investment in our economy, Wolmer's must now position itself for the next 300 years."**
>

One day. Build something real.

~80 TOTAL BUILDERS

3–4 PER TEAM

1 DAY

A hackathon is an event where small teams build something from scratch in a single day, then present it to judges. No programming experience is needed: teams also need students who design, research, write and present. Mentors who work in industry help throughout the day.

STEP 1

Think

Find a real problem worth solving.

STEP 2

Build

Turn the idea into a working prototype.

STEP 3

Ship

Get it running before the clock stops.

STEP 4

Present

Demo it to judges and explain the decisions.

Websites · Apps · AI tools · Games · Hardware · Data projects · Automations · Agents · Interactive experiences

Not an AI-only hackathon. Teams build whatever the problem needs.

04 WHAT STUDENTS GAIN

More than a project.

It won't decide anyone's career. It gives students a useful early signal about whether building technology excites them.

Teamwork
Working with people who think differently.

Scoping
Learning what can really be built in a day.

Technical problem solving
Turning a concept into something that works.

Decision making
Choosing between ideas under real constraints.

Communication
Explaining what they built to judges and peers.

Resilience
Shipping something even when it isn't perfect.

Exposure
Meeting students and professionals beyond their usual circle.

Confidence
Moving from using technology to making it.

05 PARTICIPATION

Wolmer's in the room.

Hack 876 is for students in 5th Form through Upper 6th Form. Participating schools recommend students, and recommended students apply. No place is assumed until applications and selection happen.

8–12

PLANNING RANGE · NOT GUARANTEED

For early planning, a cohort of roughly 8–12 Wolmer's students fits the scale we're considering. With about 80 places across participating schools, final representation depends on applications and overall capacity.

Teams of 3–4. Students can apply solo or with friends, and teams may mix schools. Final team-formation rules are still being finalized.

WHAT WE'D LIKE FROM WOLMER'S

1. A 15-minute call with Mr. Pennycooke, or a faculty leader he nominates.
2. Support in principle for eligible Wolmer's Boys' students, in Fifth Form and Sixth Form, to take part.
3. A school-side contact, possibly from the Robotics or Technology Club.
4. Help reaching students in robotics, technology, art and engineering, science and business.
5. A view on whether Wolmer's Girls' sixth formers should be included through the joint sixth form.

We're not asking Wolmer's for financial support, or to organize anything. Hack 876 runs the event, the applications, the judging and the participant materials.

06 COMPETITION

Build it. Present it. Compete for it.

Prizes across overall placement and special categories. The exact package will keep developing as sponsors are finalized, and participating schools will get updates.

OVERALL PLACEMENT

Hack 876 Winner
The whole thing. Best overall build.
iPad per student (up to 4)

Second Place
So close. Still brilliant.
AirPods Pro per student (up to 4)

Third Place
On the podium.
US$150 gift card per student (up to 4)

SPECIAL AWARDS

Best Design
Looks great. Feels even better.
US$50 gift card per student (up to 4)

Boldest Idea
The swing nobody else took.
US$200 team project grant

People's Choice
Voted by the room.
US$50 gift card per student (up to 4)

Categories are set. Prize items are tentative and may change. Prizes are a bonus, not the reason to come.

07 WORKING WITH WOLMER'S

Fifteen minutes to start.

We would like Wolmer's to be part of the first Hack 876. The first step is a short call with the school's leadership.

PREPARED FOR

Mr. Dwight Pennycooke

Principal · Wolmer's Boys' School

Principal of Wolmer's Trust High School for Boys

We'd welcome 15 minutes with Mr. Pennycooke, or with Mrs. Janice Jones, Vice Principal, or another faculty leader he nominates.

The Hack 876 organizing team runs event operations, applications and all official communication with students and parents.

This is an invitation. Wolmer's has not confirmed participation, nobody at the school has accepted a role, and student places are not guaranteed.

THE ONE THING WE'RE ASKING FOR NOW

A 15-minute call with Mr. Pennycooke, or a faculty leader he nominates.

Pick a time at calendly.com/hack876-info/30min, or write to info@hack876.com.

We'll fill in the details together.

Wolmer's doesn't need every answer today to join the conversation.

FIRST
A 15-minute call with Mr. Pennycooke or a faculty leader he nominates.

IF WOLMER'S AGREES
Support in principle, and a school-side contact.

THEN
Teachers share the opportunity, and students apply.

BEFORE THE EVENT
Accepted students and their families receive consent forms.

EVENT DAY
Hack 876.

DECIDED

- One-day build competition
- Venue: Spanish Court Hotel, Kingston
- 5th Form through Upper 6th Form
- About 80 places
- Schools recommend, students apply
- Applications are open

PLANNED

- Tentative date: Saturday, February 20, 2027
- A 8:00 AM to 7:30 PM day
- Lunch on the day
- Overall and special prize categories
- Industry judges and mentors

BEING FINALIZED

- Confirming the date
- School-level allocations and team rules
- Cost and transport
- Prize items
- Family details: supervision, food, emergency contacts

Participating schools and applicants will receive detailed information as each part of the event is finalized.

AGE QUOD AGIS · WHATEVER YOU DO, DO IT TO THE BEST OF YOUR ABILITY.

Age quod agis: whatever you do, do it well. Let's give a few Wolmerians one day to build something real.

HACK 876 · KINGSTON, JAMAICA · FEB 20, 2027 (TENTATIVE)
