HACK876 × JMMB JOAN DUNCAN FOUNDATION

PRIVATE PARTNERSHIP PROPOSAL

Greatness needs somewhere to begin.

JMMB has spent years telling Jamaicans that greatness already exists within them. Hack876 gives 80 young people one day to prove it to themselves.

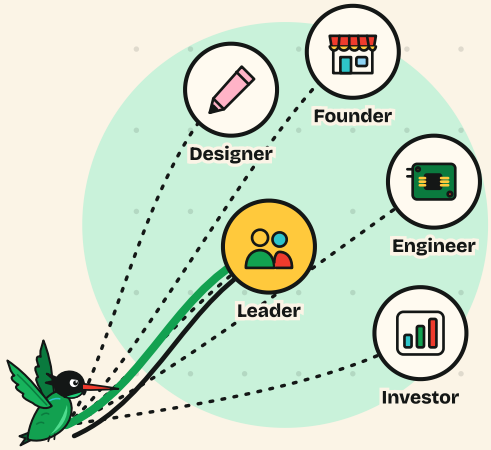

Kingston, Jamaica · Feb 20, 2027 (tentative)

80	9	1
STUDENTS	SCHOOL NETWORK	DAY

One day to build something that should exist.

What if young Jamaicans experienced themselves as builders before anyone told them what career they should have?

Before the business plan.

Before the degree.

Before the first job.

There is usually a first moment when someone realizes: I can build this.

For most young people, that moment arrives late, if it arrives at all.

Hack876 is designed to create more of those moments.

Meet Hack876.

Hack876 is a one-day build competition for approximately **80 secondary-school students** from 5th Form through Upper 6th Form, working in teams of 3 to 4, roughly 20 teams in all.

Teams pick a real problem, use modern tools including AI, get guidance from mentors, and finish the day with a working prototype and a pitch to judges. It is not a school assignment and there is no answer key.

Our **9-school network** in Kingston is made up of the schools where the Hack876 team currently has relationships and can coordinate most reliably. It is not an exclusive eligibility list.

Hack876 is open to eligible students beyond those schools.

Students from elsewhere in Kingston or other parts of Jamaica may apply, subject to capacity.

In this inaugural year, students outside our organized network may need to arrange their own transportation and, where relevant, lodging. Hack876 does not yet have the resources to provide those universally.

That is a year-one capacity constraint, not a limit on the long-term vision.

BUILD SOMETHING THAT SHOULD EXIST.

03 NOT JUST APPS

A hackathon is bigger than software.

Hack876 is an open build competition. Teams choose the problem and the medium.

Some will write code. Some will wire circuits. Some will design a service, a business or a tool nobody has thought of yet.

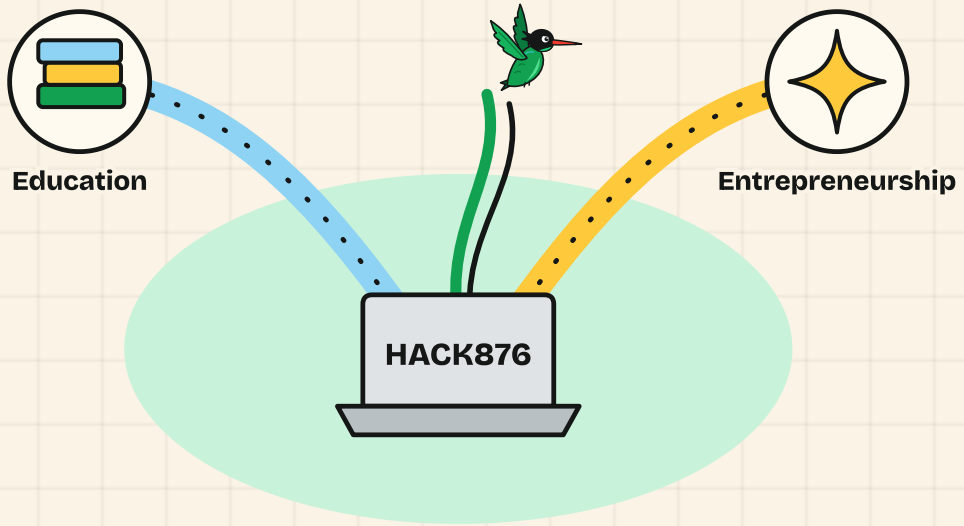

A team might build:

- A piece of software
- An AI tool
- An automation
- A data product
- A tool for small businesses
- Hardware
- A robot
- A physical prototype
- A resilience solution
- Something none of us expected

The medium does not matter.

The instinct to create does.

Education gives a young person tools. Entrepreneurship teaches them what they can do with them.

A hackathon may be one of the few environments where education and entrepreneurship happen at exactly the same time. Students are not learning *about* entrepreneurship. For one day, they behave like founders.

A FOUNDER'S DAY, IN EIGHT STEPS

1	2	3	4	5	6	7	8
Find a problem	Understand users and constraints	Decide what matters	Create something	Test assumptions	Explain the idea	Receive feedback	Improve

↶ Then do it again, better.

That is not just STEM exposure. That is early entrepreneurial formation.

You already told us what you care about.

We built something that sits right in the middle of it.

THE FOUNDATION'S MISSION

"To develop, steward and support transformational initiatives in education and entrepreneurship."[1]

The Foundation says it sponsors scholarships because education is "one of the most powerful weapons we have to combat poverty."[2]

It also says it sponsors and provides tangible support to **entrepreneurial competitions among our nation's youth**, awarding prizes to the top competitors.[2]

Through its partnership with UTech, JMMB supports the Joan Duncan School of Entrepreneurship, Ethics and Leadership, and its Conversations for Greatness work with the Ministry of Education reached the staff of 88 schools.[2]

In 2025 alone, the Foundation sponsored eleven youth summer camps, including STEM programmes.[5]

Hack876 is a youth competition built on exactly those two ideas: education and entrepreneurship, happening in the same room, on the same day.

06 GREATNESS, IN PRACTICE

The Foundation's belief:

"Every individual possesses inherent greatness."[2]

Belief matters. But most people first believe it about themselves after they have done something.

A working prototype at 4pm that was only an idea at 10am. A pitch that lands. A judge who takes the idea seriously.

I CAN BUILD THIS.

Hack876 gives 80 young Jamaicans one day to discover that sentence is true.

07 THE COMPANY ITSELF BEGAN WITH AN IDEA

Every company starts before the company.

JMMB's own history describes Joan Duncan as a single mother of five who built her way up, and who in 1992 "virtually created the Jamaican money market" with Jamaica Money Market Brokers, co-founded with Dr. Noel Lyon.[3]

Her dream, in JMMB's words, was a company where "any Jamaican could walk in off the street, take a few hundred dollars from their pocket, and invest it."[3]

JMMB exists because someone saw the possibility of building something Jamaica did not yet have.

A problem.	An observation.	A conviction.	A first attempt.

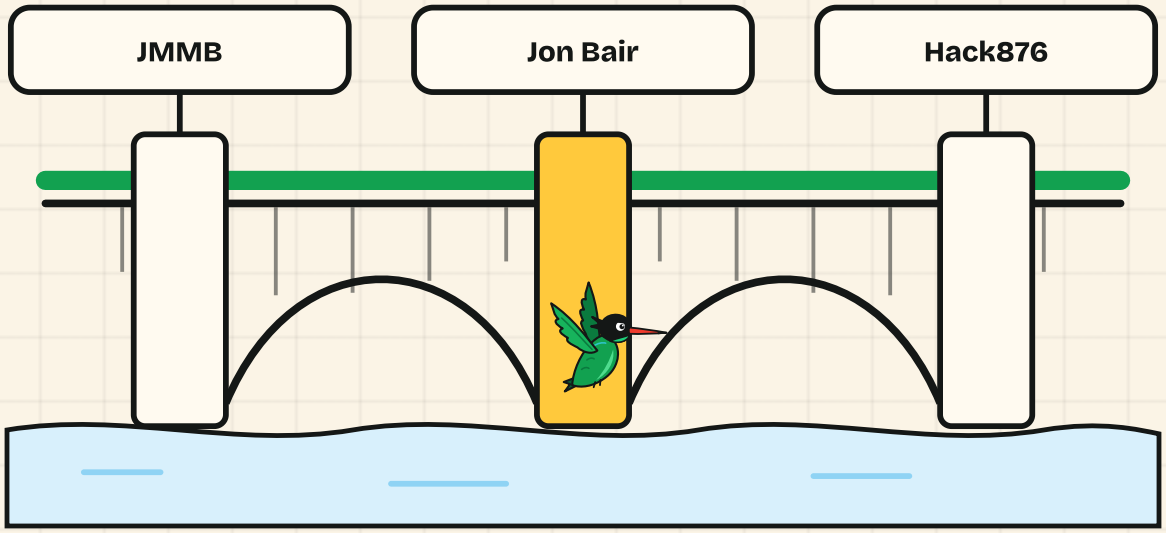

Hack876 asks students one question: what should exist that does not exist yet?

9 schools. One room.

Hack876 begins with the schools where we already have relationships and can coordinate most reliably for the inaugural staging. Formal confirmations are still in progress for most of them, and the network is not an exclusive eligibility list.

- Hillel Academy
- Campion College
- Jamaica College
- Immaculate Conception High School
- Wolmer's
- Ardenne High School
- American International School of Kingston
- St. Andrew High School for Girls
- St. George's College

Partnerships work better when someone carries the context.

Hack876 is not looking for a cheque and a logo followed by silence. We want a relationship JMMB understands internally and Hack876 can execute well externally.

Jonathan Bair, Corporate Manager, Private Equity at JMMB Securities, is the person making this introduction possible.

Jon is also a St. George's College alumnus, and St. George's College is part of Hack876's school network.

If Jon is open to it, we would love for him to help steward the relationship on JMMB's side: carrying context in both directions, helping identify the right people to involve, and helping us build something genuinely useful over time.

WHAT STEWARDSHIP COULD LOOK LIKE

- ✓ **Carrying feedback between Hack876 and JMMB**
- ✓ **Helping coordinate conversations with the Foundation and/or marketing**
- ✓ **Helping identify JMMB judges, mentors or speakers**
- ✓ **Helping find the most natural sponsorship structure**
- ✓ **Helping both sides decide what a second year could look like**

An invitation, not an obligation.

There are two natural homes for this inside JMMB.

JMMB routes sponsorship and brand partnerships separately from charitable and grant requests to the Joan Duncan Foundation.[4] Hack876 fits either, for different reasons.

PATH 1 · THE FOUNDATION

Mission alignment

- The practical intersection of education and entrepreneurship
- A youth competition, which the Foundation already supports
- Students behaving like founders, not just learning about them
- Nation building through young people who believe they can create

PATH 2 · MARKETING AND SPONSORSHIP

Audience, visibility and relationships

- Visible alongside ambitious Jamaican students, their families and schools
- Association with entrepreneurship, technology and youth opportunity
- JMMB people in the room as judges, mentors and speakers
- Content and storytelling around Jamaican innovation

JMMB's contribution does not have to be purely financial.

People in the room.

01

Judges

Evaluating problem selection, execution and the pitch.

02

Mentors

Business-model and customer thinking for teams that want it.

03

Speakers

Showing students what a path into finance and business can look like.

04

Founder coaching

Helping teams pressure-test an idea like a first-time founder.

05

Volunteers

JMMB team members helping the day run well.

06

General business education

An optional, non-commercial touchpoint where it fits the programme.

GROUND RULES WE WILL HOLD OURSELVES TO

No marketing of investment products to students.

No collection of students' financial information.

No implied employment, internships or accounts unless separately agreed.

The honest answer to the marketing questions.

Will JMMB be visible? Yes, across event materials, programming and post-event storytelling, at a level that matches the partnership.

Is the audience relevant? It is the next generation of Jamaican founders, professionals and clients, met early and in the right way.

Can it build longer relationships? Yes, through people, schools and a second year, not through leads.

WHO IS IN AND AROUND THE ROOM

Ambitious secondary-school students
Approximately 80 of them, from 5th Form through Upper 6th Form.

Parents and families
Who see who showed up for their children.

Teachers and school communities
Across our network of 9 schools in Kingston.

Future university students
Making choices about what to study and where.

Future founders and professionals
Meeting JMMB before they meet anyone else.

Many participants are minors. We will not promise leads, reach, impressions or data, and we will not position JMMB products to students.

Become a Platinum Partner of the inaugural Hack876.

J$1,000,000

FOUNDING PARTNER · INAUGURAL HACK876

CONTRIBUTION LEVELS. ANY AMOUNT WITHIN A LEVEL IS WELCOME.

Bronze Partner	Silver Partner	Gold Partner	Platinum Partner
J$50,000 to below J$200,000	J$200,000 to below J$500,000	J$500,000 to below J$1,000,000	J$1,000,000+ SUGGESTED

In-kind & Community Support: devices, gift cards, meals, refreshments, supplies, connectivity, expertise, and contributions below J$50,000.

A flexible, discretionary contribution toward the inaugural event and the student experience. It is not a title sponsorship, and it carries no naming rights.

It may support areas such as:

- ✓ Event production
- ✓ Equipment and materials
- ✓ Prizes
- ✓ Programming and logistics
- ✓ Student experience
- ✓ Food
- ✓ Signage
- ✓ Operational costs

PROPOSED RECOGNITION

JMMB Joan Duncan Foundation

Platinum Partner · Inaugural Hack876

More than a logo placement.

01 Founding-year association with the first Hack876

02 Recognition during opening and closing programming

03 Opportunity for JMMB leadership to address students

04 JMMB people as judges, mentors, speakers and founder coaches

05 Relationships with the schools in the Hack876 network

06 Visibility across event materials, appropriate to the level selected

07 Photo and video storytelling from the event

08 Invitation to the finals and awards

09 A post-event recap, and an early conversation about year two

Everything above is deliverable by the Hack876 team. We will not promise media reach we cannot substantiate.

Choose the level that fits the Foundation or marketing budget.

Any amount within a level is welcome.

Bronze Partner

J$50,000 to below J$200,000

- Recognition on the Hack876 website
- Included in the grouped sponsor thank-you
- Named in the post-event recap

Silver Partner

J$200,000 to below J$500,000

- Everything in Bronze
- Placement on event signage
- Acknowledgement in the opening and closing

Gold Partner

J$500,000 to below J$1,000,000

- Everything in Silver
- More prominent placement
- A dedicated sponsor feature
- Logo on event shirts, if shirts are produced*

Platinum Partner

J$1,000,000+

OUR SUGGESTION

- The most prominent sponsor placement
- An agreed opportunity to take part in the programme
- Logo on event shirts, if shirts are produced*

These are proposed benefits, to be agreed when a sponsorship is confirmed. A sponsor can contribute any amount within a band.

*Shirt placement applies only if event shirts are produced and artwork arrives before the production deadline.

Speaking, mentoring, presenting an award and judging are subject to suitability and programme capacity. Sponsorship does not buy influence over judging, and no level carries naming rights.

WHERE A CONTRIBUTION GOES

No contribution has to cover a whole cost.

WHAT A CONTRIBUTION COULD SUPPORT

- **The event overall.** Used where it helps the students most.
- **Prizes.** Contributes toward the prizes for the top teams.
- **Student meals.** Contributes toward meals and refreshments on the day.
- **Equipment.** Helps support the equipment teams build with.
- **Event production.** Helps support staging, sound and the room.
- **Programming.** Helps support mentoring, judging and the student programme.

A sponsor can support the event overall, or agree a specific use with the Hack876 team. No contribution has to cover a whole cost.

WAYS TO HELP WITH A PRIZE

The planned prizes are iPad per student (up to 4); AirPods Pro per student (up to 4); gift card per student (up to 4). Any of these helps:

- **Donating the item**
- **Donating some of the quantity needed**
- **Gift cards or store credit**
- **A discount on the purchase**
- **A monetary contribution toward buying it**

In-kind & Community Support

For devices, gift cards, meals, refreshments, supplies, connectivity, expertise, and for contributions below J$50,000.

A meaningful in-kind contribution can be recognized at an equivalent level, based on a usable value agreed together. The advertised value of software credits or volunteer hours is not counted as cash automatically.

AN IDEA, NOT YET A HACK876 AWARD

Entrepreneurship Award (proposed)

A possible custom award, such as Most Entrepreneurial Solution or Best Path to Impact, shaped with JMMB. Not yet a Hack876 award.

Every option at a glance.

PLATINUM PARTNER

J$1,000,000

INAUGURAL HACK876

Flexible support for the inaugural Hack876 and the student experience.

GOLD PARTNER
Any amount within this level.
J$500K to <J$1M

SILVER PARTNER
Any amount within this level.
J$200K to <J$500K

BRONZE PARTNER
Any amount within this level.
J$50K to <J$200K

ENTREPRENEURSHIP AWARD
A custom award shaped with JMMB.
Proposed

IN-KIND & COMMUNITY SUPPORT
Devices, Gift cards, Meals, Refreshments, Supplies, Connectivity, Expertise, and contributions below J$50,000.
In kind

The size of the commitment can change. The invitation to be part of the first one does not.

Deliberately focused.

Our vision is national. This inaugural staging does not have national-event resources, and we will not pretend it does.

Approximately 80 students. A school network of 9 in Kingston. One day, done properly.

Build the first one well.
Learn from it.
Earn the right to make the second one bigger.

No multi-year commitment required.

2027

Help make the first Hack876 happen.

That is the whole ask.

FUTURE POSSIBILITIES, ONLY IF BOTH SIDES FIND IT VALUABLE. NOT COMMITMENTS.

- A recurring entrepreneurship award
- JMMB people returning as mentors and judges
- Founder coaching for promising teams
- Support for students from outside Kingston
- Reaching more schools
- A Hack876 alumni network

HACK876 × JMMB JOAN DUNCAN FOUNDATION

Somewhere in that room may be a future founder, engineer, investor, designer or leader.

They do not need us to decide who they become.

They need an opportunity to begin.

HELP US BUILD THAT OPPORTUNITY.

We would love to explore what the right first step looks like with Jon and the JMMB team.
