HACK876 × MAYBERRY FOUNDATION

PRIVATE PARTNERSHIP PROPOSAL

A full day, fed and focused.

Mayberry has already given students a full day of meals and transport so they could simply learn. Hack876 hopes for a day like that, built around students making their first real things.

One day to build something that should exist.

Meet Hack876.

Hack876 is a one-day build competition for approximately **80 secondary-school students** from 5th Form through Upper 6th Form, working in teams of 3 to 4, roughly 20 teams in all, on Saturday, February 20, 2027 (tentative).

Teams pick a real problem, use modern tools including AI, get guidance from mentors, and finish the day with a working prototype and a pitch to judges. It is not a school assignment and there is no answer key.

Our **9-school network** in Kingston is made up of the schools where the Hack876 team currently has relationships and can coordinate most reliably. It is not an exclusive eligibility list.

BUILD SOMETHING THAT SHOULD EXIST.

Youth, education and financial literacy, in one room.

Hack876 is a day where fifth-formers turn ideas into working tools, and a Mayberry Day would let them spend all of it learning.

CHRISTOPHER BERRY, CHAIRMAN, MAYBERRY

“Mayberry is committed to giving back to our community. We are especially focused on youth. We reach out to them by helping to build capacity in the key areas of Health, Education, Environment, Youth and Community Development as well as Financial Literacy.”[1]

The Mayberry Foundation donated J$7,650,000 to the St. George's College Scholarship Fund, saying it is committed to supporting our future leaders.[1]

In 2026 Christel House Jamaica named a visit Mayberry Day, in thanks for Mayberry's sponsorship of a full day of nutrition and transportation for its students.[2]

In 2022 the Foundation backed the St. George's College Enrichment Program for fifth-formers working through English Language and Mathematics.[3]

Kayree Berry-Teape has called youth programmes "a direct investment in national development", shaping "the future leaders, innovators, and productive citizens of Jamaica."[5]

Students first, again and again.

SCHOLARSHIPS

J$7.65 million for St. George's College.

The Mayberry Foundation's gift to the St. George's College Scholarship Fund.[1]

FIFTH FORM · 2022

A FULL DAY, COVERED · 2026

Mayberry Day at Christel House.

A full day of nutrition and transportation for Christel House Jamaica students, marked with a visit and a tour of the school.[2]

YOUTH PLATFORMS · 2026

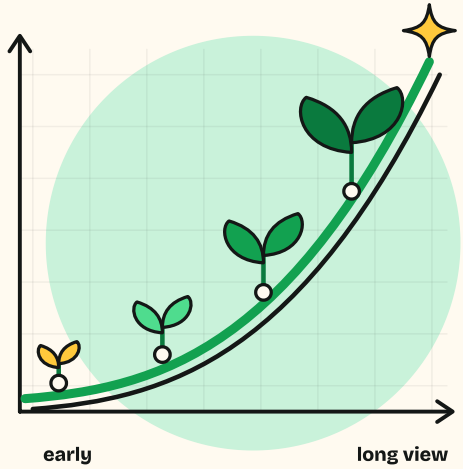

About 1,000 young swimmers.

The Mayberry High Performance Swim Classic gave primary and secondary athletes a stage of their own.[5]

ACCESS

A computer lab in Naggo Head.

As Foundation CEO, Kayree Berry-Teape raised funds to refurbish a computer lab in Naggo Head, St Catherine.[6]

Mayberry already shows up for fifth-formers and for the days that help them learn. Hack876 is one more of those days.

9 schools. One room.

The Mayberry Foundation gave J$7,650,000 to the St. George's College Scholarship Fund and has supported its fifth-formers. St. George's is in the Hack876 school network; its participation is not yet confirmed.[1]

Hack876 begins with the schools where we already have relationships and can coordinate most reliably for the inaugural staging. Formal confirmations are still in progress, and the network is not an exclusive eligibility list.

- Hillel Academy
- Campion College
- Jamaica College
- Immaculate Conception High School
- Wolmer's
- Ardenne High School
- American International School of Kingston
- St. Andrew High School for Girls
- **St. George's College**

There are two natural homes for this inside Mayberry.

Mayberry's CSR policy asks for requests in writing, with the organisation's details, the purpose and the amount, at least 30 days before the event. We will follow it.[7]

FOUNDATION

A Mayberry Day at Hack876

- ✓ Lunch and the day's meals for every student
- ✓ Help with transport for students who need it
- ✓ A short thank-you moment on stage
- ✓ A simple report after: meals served, photos, highlights

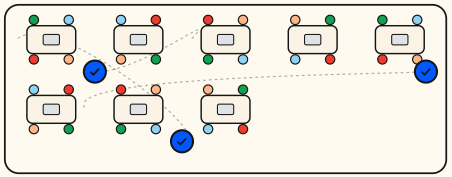

PEOPLE

Mayberry people in the room

- ✓ Business-track mentors on pricing and pitch realism
- ✓ Volunteer lunch hosts from the Mayberry team
- ✓ A Mayberry presenter for a proposed award

Mayberry's contribution does not have to be purely financial.

PEOPLE IN THE ROOM.

01
Business mentors

Advisors who ask the honest questions: who pays, how much, and could this really work?

02
Lunch hosts

Mayberry volunteers who help serve lunch and talk with students about their builds.

03
Award presenter

A Mayberry representative presents the proposed award on stage at the close.

04
Money-smart minute

A short, general talk on budgeting and pricing an idea, with no products named.

05
Judging support

Mayberry can advise on its award's criteria; the judging panel decides the winner.

GROUND RULES WE WILL HOLD OURSELVES TO

No marketing of investment products, accounts, trading apps or other financial services to students, and no sign-ups on the day.

No collection of student contact details or data by sponsors. Photos and names only with school and parent consent.

Sponsor staff mentor and present; the judging panel decides every award.

J$50,000 to below J$200,000

BRONZE PARTNER · INAUGURAL HACK876

It is the same kind of support Mayberry gave Christel House Jamaica: a full day of meals and transport, so students can focus on learning. As a cash gift, it is concrete and easy to report on.

Any amount within the level is welcome. It is a flexible contribution toward the event, with no naming rights attached.

J$50,000 to below J$200,000

OUR SUGGESTION

- Recognition on the Hack876 website
- Included in the grouped sponsor thank-you
- Named in the post-event recap

Silver Partner

J$200,000 to below J$500,000

- Everything in Bronze
- Placement on event signage

Gold Partner

J$500,000 to below J$1,000,000

Platinum Partner

J$1,000,000+

These are proposed benefits, to be agreed when a sponsorship is confirmed. A sponsor can contribute any amount within a band.

*Shirt placement applies only if event shirts are produced and artwork arrives before the production deadline.

Speaking, mentoring, presenting an award and judging are subject to suitability and programme capacity. Sponsorship does not buy influence over judging, and no level carries naming rights.

09 WHERE A CONTRIBUTION GOES

No contribution has to cover a whole cost.

WHAT A CONTRIBUTION COULD SUPPORT

- **Student meals.** Contributes toward meals and refreshments on the day.
- **Programming.** Helps support mentoring, judging and the student programme.
- **Logistics.** Contributes toward running the day.

A sponsor can support the event overall, or agree a specific use with the Hack876 team. No contribution has to cover a whole cost.

Mayberry's CSR policy excludes contributions to individuals, so a contribution would support the student experience and not prizes.

In-kind & Community Support

For devices, gift cards, meals, refreshments, supplies, connectivity, expertise, and for contributions below J$50,000.

A meaningful in-kind contribution can be recognized at an equivalent level, based on a usable value agreed together. The advertised value of software credits or volunteer hours is not counted as cash automatically.

AN IDEA, NOT YET A HACK876 AWARD

Mayberry Young Entrepreneur Award (proposed)

A suggestion only: an award for the Business-track build with the clearest path to helping a real small business, with criteria agreed together and the final call left to the judging panel.

10 A DIRECT LINE

There is no faceless sponsorship process here.

This proposal is for **Kayree Berry-Teape, CEO, Mayberry Foundation**.[1]

If Mayberry is interested, we can decide together what involvement should actually look like.

QUESTIONS WE WOULD ANSWER TOGETHER

- ✓ Which registered charity or school would receive the funds?
- ✓ Will St. George's College take part?
- ✓ When is it, and will we have the date at least 30 days ahead?
- ✓ What exactly would our contribution pay for?
- ✓ How will we see the impact afterwards?
- ✓ How are students protected on consent, data and marketing?

A conversation, not a workload.

Deliberately focused.

Our vision is national. This inaugural staging does not have national-event resources, and we will not pretend it does.

Approximately 80 students. A school network of 9 in Kingston. One day, done properly.

Build the first one well.
Learn from it.
Earn the right to make the second one bigger.

2027

Help make the first Hack876 happen.

No multi-year commitment required.

FUTURE POSSIBILITIES, ONLY IF BOTH SIDES FIND IT VALUABLE. NOT COMMITMENTS.

- A Mayberry Day at every Hack876, alongside its other annual youth commitments.
- A recurring Mayberry Young Entrepreneur Award for the Business track.
- A pre-event build session at St. George's College for fifth-formers.
- Mayberry mentors returning to the Business track each year.

HACK876 × MAYBERRY FOUNDATION

Somewhere in that room may be a future founder, engineer, designer or leader.

They do not need us to decide who they become.

They need an opportunity to begin.

HELP US BUILD THAT OPPORTUNITY.

We would love to explore the right first step with Kayree and the Mayberry Foundation team.
