HACK876 × N.C.B. FOUNDATION

PRIVATE PARTNERSHIP PROPOSAL

Jamaica's next digital producers have to start somewhere.

The NCB Foundation pays for students to sit IT exams so Jamaica can grow its pool of digital producers. Hack876 gives them one day to actually produce something.

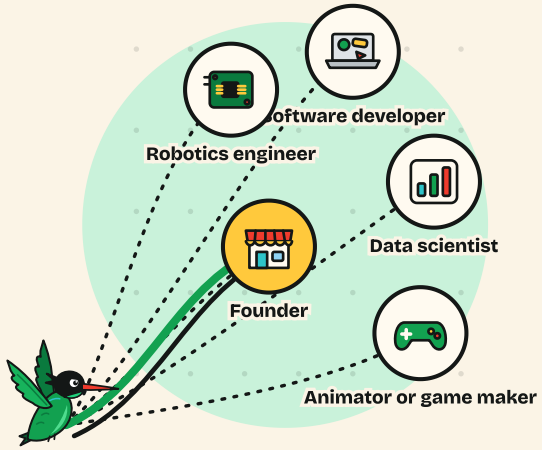

Kingston, Jamaica · Feb 20, 2027 (tentative)

80	9	1
STUDENTS	SCHOOL NETWORK	DAY

One day to build something that should exist.

What if young Jamaicans experienced themselves as builders before anyone told them what career they should have?

Before the degree.

Before the first job.

Before anyone hands them a title.

There is usually a first moment when someone realizes: I can build this.

For most young people, that moment arrives late, if it arrives at all.

Hack876 is designed to create more of those moments.

Meet Hack876.

Hack876 is a one-day build competition for approximately **80 secondary-school students** from 5th Form through Upper 6th Form, working in teams of 3 to 4, roughly 20 teams in all, on Saturday, February 20, 2027 (tentative).

Teams pick a real problem, use modern tools including AI, get guidance from mentors, and finish the day with a working prototype and a pitch to judges. It is not a school assignment and there is no answer key.

Our **9-school network** in Kingston is made up of the schools where the Hack876 team currently has relationships and can coordinate most reliably. It is not an exclusive eligibility list.

BUILD SOMETHING THAT SHOULD EXIST.

03 NOT JUST APPS

A hackathon is bigger than software.

Hack876 is an open build competition. Teams choose the problem and the medium.

Some will write code. Some will wire circuits. Some will design a service, a business or a tool nobody has thought of yet.

A team might build:

- A piece of software
- An AI tool
- An automation
- A data product
- A tool for small businesses
- Hardware
- A robot
- A physical prototype
- A resilience solution
- Something none of us expected

The medium does not matter.

The instinct to create does.

You already invest in the subjects. We add the first build.

Hack876 is where students who sit IT get to prove they can build with it.

N.C.B. FOUNDATION MISSION

“Empowering minds, strengthening communities and building Jamaica's future.”[1]

The Foundation is the philanthropic arm of the NCB Financial Group, funded by 1% of NCB Jamaica's annual profits.[1]

In 2019 it shifted its focus to digital, with a goal to support the expansion of the pool of digital producers in Jamaica.[2]

Its 2026 CSEC bursary covers Information Technology, Principles of Accounts and Principles of Business, built around access, relevance and preparedness.[3]

Its scholarships give preference to technology and computing, software, data science, cybersecurity and digital media.[4]

Its Level Up Grants Programme offers digital skills training and supports entrepreneurship.[5]

Years of steady, measurable giving to education.

SINCE 2003

1% of profits, every year.

Funded by 1% of NCB Jamaica's annual profits, with J$1BN+ invested in education and 111,720 students assisted (as at December 2024).[1]

2019

A deliberate turn to digital.

The Foundation shifted its focus to digital to grow Jamaica's pool of digital producers, moving its CSEC bursary towards Information Technology.[2]

2026

3,183 students. 36 schools.

J$15.9 million in CSEC exam fees for IT, Principles of Accounts and Principles of Business, up from 1,310 students in 2025.[3]

SCHOLARSHIPS

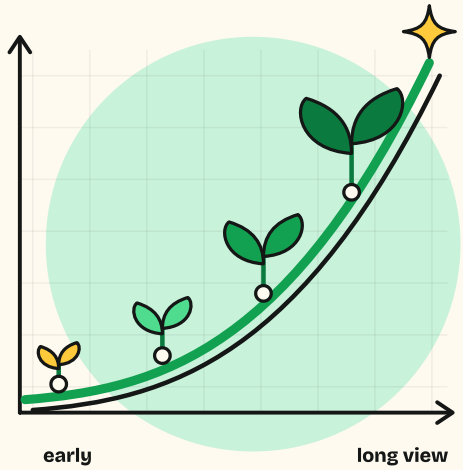

Tech comes first.

Undergraduate scholarships give preference to computing, software, data science, cybersecurity and creative technologies.[4]

DIGITAL SCHOLARSHIP

Up to J$400,000 a year.

A dedicated Digital Scholarship for first-year students at accredited local institutions.[5]

**The Foundation measures what it gives.
Hack876 is built to be measured the same way.**

9 schools. One room.

Thalia Lyn is an Immaculate alumna and the school's first Hall of Fame inductee, and has backed a technology scholarship there. Our judge Sheneska Williams is an Immaculate alumna too.[6]

Hack876 begins with the schools where we already have relationships and can coordinate most reliably for the inaugural staging. Formal confirmations are still in progress, and the network is not an exclusive eligibility list.

- Hillel Academy
- Campion College
- Jamaica College
- **Immaculate Conception High School**
- Wolmer's
- Ardenne High School
- American International School of Kingston
- St. Andrew High School for Girls
- St. George's College

There are two natural homes for this inside the NCB Foundation.

NCB's sponsorship form asks how an initiative aligns with Empowering People, Unlocking Dreams, Building Communities, and how success will be measured. We have answered both here.[7]

PATH 1 · THE FOUNDATION

A grant from the N.C.B. Foundation

- ✓ Fits the Foundation's focus on digital skills and education.
- ✓ Follows naturally from the CSEC IT bursary.
- ✓ Reported back in students, schools and builds.
- ✓ Recognition for the Foundation, not NCB products.

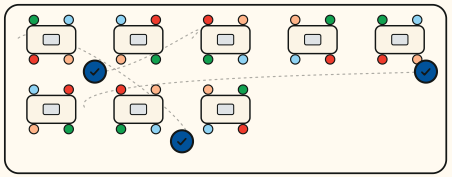

PATH 2 · NCB SPONSORSHIPS

Through NCB's sponsorship request

- ✓ Uses NCB's own sponsorship form.
- ✓ Speaks to Empowering People, Unlocking Dreams, Building Communities.
- ✓ Includes a clear plan for measuring success.

The NCB Foundation's contribution does not have to be purely financial.

People in the room.

01
NCBees on the floor

A few NCBees volunteers to help with check-in, timekeeping and keeping teams moving.

02
Judges

People from NCB's technology, digital and data teams to judge alongside our panel.

03
Business-track mentors

Finance and business staff to help teams in the Business track test their numbers.

04
A word to open the day

Perrin Gayle or someone from the Foundation on why digital skills matter for Jamaica.

05
A scholar's story

A Foundation scholar from a tech discipline, if one is willing, on what came after their first build.

GROUND RULES WE WILL HOLD OURSELVES TO

No banking products, accounts or financial offers are marketed to students. Many participants are minors.

No student data is collected or shared for the Foundation or NCB. Any recap uses group numbers and school-approved photos only.

Volunteers and judges work in open, supervised spaces under the host school's safeguarding rules.

09 AUDIENCE AND BRAND VALUE

The honest answer to the visibility questions.

Will the NCB Foundation be visible? Yes, across event materials, programming and post-event storytelling, at a level that matches the partnership.

Is the audience relevant? It is the next generation of Jamaican builders, professionals and leaders, met early.

Can it build longer relationships? Yes, through people, schools and a second year, not through leads.

WHO IS IN AND AROUND THE ROOM

Ambitious secondary-school students
Approximately 80 of them, from 5th Form through Upper 6th Form.

Parents and families
Who see who showed up for their children.

Teachers and school communities
Across our network of 9 schools in Kingston.

Future university students
Making choices about what to study and where.

Future founders and professionals
Meeting the NCB Foundation early, and in the right way.

Many participants are minors. We will not promise leads, reach, impressions or data.

Become a Platinum Partner of the inaugural Hack876.

J$1,000,000+

PLATINUM PARTNER · INAUGURAL HACK876

Platinum is flexible: it helps support prizes, meals and the day itself in one gift. If a smaller gift fits the Foundation better this year, a contribution at any level is welcome.

Any amount within the level is welcome. It is a flexible contribution toward the event, with no naming rights attached.

PROPOSED RECOGNITION

N.C.B. Foundation

Platinum Partner · Inaugural Hack876

Closest Hack876 tracks: Learn, Business

CONTRIBUTION LEVELS. ANY AMOUNT WITHIN A LEVEL IS WELCOME.

Bronze Partner	Silver Partner	Gold Partner	Platinum Partner SUGGESTED
J$50,000 to below J$200,000	J$200,000 to below J$500,000	J$500,000 to below J$1,000,000	J$1,000,000+

In-kind & Community Support: devices, gift cards, meals, refreshments, supplies, connectivity, expertise, and contributions below J$50,000.

What each level receives.

Bronze Partner

J$50,000 to below J$200,000

- Recognition on the Hack876 website
- Included in the grouped sponsor thank-you
- Named in the post-event recap

Silver Partner

J$200,000 to below J$500,000

- Everything in Bronze
- Placement on event signage
- Acknowledgement in the opening and closing

Gold Partner

J$500,000 to below J$1,000,000

- Everything in Silver
- More prominent placement
- A dedicated sponsor feature
- Logo on event shirts, if shirts are produced*

Platinum Partner

J$1,000,000+

OUR SUGGESTION

- The most prominent sponsor placement
- An agreed opportunity to take part in the programme
- Logo on event shirts, if shirts are produced*

These are proposed benefits, to be agreed when a sponsorship is confirmed. A sponsor can contribute any amount within a band.

*Shirt placement applies only if event shirts are produced and artwork arrives before the production deadline.

Speaking, mentoring, presenting an award and judging are subject to suitability and programme capacity. Sponsorship does not buy influence over judging, and no level carries naming rights.

No contribution has to cover a whole cost.

WHAT A CONTRIBUTION COULD SUPPORT

- **The event overall.** Used where it helps the students most.
- **Prizes.** Contributes toward the prizes for the top teams.
- **Student meals.** Contributes toward meals and refreshments on the day.
- **Event production.** Helps support staging, sound and the room.

A sponsor can support the event overall, or agree a specific use with the Hack876 team. No contribution has to cover a whole cost.

WAYS TO HELP WITH A PRIZE

The planned prizes are iPad per student (up to 4); AirPods Pro per student (up to 4); gift card per student (up to 4). Any of these helps:

- **Donating the item**
- **Donating some of the quantity needed**
- **Gift cards or store credit**
- **A discount on the purchase**
- **A monetary contribution toward buying it**

In-kind & Community Support

For devices, gift cards, meals, refreshments, supplies, connectivity, expertise, and for contributions below J$50,000.

A meaningful in-kind contribution can be recognized at an equivalent level, based on a usable value agreed together. The advertised value of software credits or volunteer hours is not counted as cash automatically.

AN IDEA, NOT YET A HACK876 AWARD

N.C.B. Foundation Digital Producers Award (suggested)

A suggested award for the team with the most complete working build, echoing the Foundation's own goal of growing Jamaica's pool of digital producers.

13 A DIRECT LINE

There is no faceless sponsorship process here.

This proposal is for **Perrin Gayle, Chief Executive Officer, N.C.B. Foundation**.[1]

If the NCB Foundation is interested, we can decide together what involvement should actually look like.

QUESTIONS WE WOULD ANSWER TOGETHER

- ✓ How will you measure success, and what will you report back to us?
- ✓ How does this connect to the CSEC IT bursary schools we already support?
- ✓ What exactly would a Gold gift pay for?
- ✓ When is the date, and when would you need a decision?
- ✓ Who else are you asking, including other financial institutions?
- ✓ How do you protect students, especially the minors?

A conversation, not a workload.

Deliberately focused.

Our vision is national. This inaugural staging does not have national-event resources, and we will not pretend it does.

Approximately 80 students. A school network of 9 in Kingston. One day, done properly.

Build the first one well.
Learn from it.
Earn the right to make the second one bigger.

2027

Help make the first Hack876 happen.

No multi-year commitment required.

FUTURE POSSIBILITIES, ONLY IF BOTH SIDES FIND IT VALUABLE. NOT COMMITMENTS.

- A recurring Digital Producers award that returns each year.
- Places for students from CSEC IT bursary schools as Hack876 grows.
- A clear signpost from Hack876 to the Foundation's Digital and National Scholarships.
- A link to the Level Up Grants Programme for students who want to keep building.
- NCBees-led prep sessions in schools before the day.

HACK876 × N.C.B. FOUNDATION

Somewhere in that room may be a future founder, engineer, designer or leader.

They do not need us to decide who they become.

They need an opportunity to begin.

Help us build that opportunity.

We would love to explore the right first step with Perrin, Thalia and the N.C.B. Foundation team.
