HACK876 × SAGICOR FOUNDATION JAMAICA

PRIVATE PARTNERSHIP PROPOSAL

Where Jamaica's next innovators start.

Sagicor already rewards young people who use technology to drive positive change. Hack876 gives secondary-school students one day to try it for the first time, and a Sagicor award would tell them it counts.

Kingston, Jamaica · Feb 20, 2027 (tentative)

80	9	1
STUDENTS	SCHOOL NETWORK	DAY

One day to build something that should exist.

01 WHAT IS HACK876?

Meet Hack876.

Hack876 is a one-day build competition for approximately **80 secondary-school students** from 5th Form through Upper 6th Form, working in teams of 3 to 4, roughly 20 teams in all, on Saturday, February 20, 2027 (tentative).

Teams pick a real problem, use modern tools including AI, get guidance from mentors, and finish the day with a working prototype and a pitch to judges. It is not a school assignment and there is no answer key.

Our **9-school network** in Kingston is made up of the schools where the Hack876 team currently has relationships and can coordinate most reliably. It is not an exclusive eligibility list.

BUILD SOMETHING THAT SHOULD EXIST.

Education, innovation and youth, in one room.

Hack876 is where a secondary-school student builds a first idea with technology, years before anyone hands them an innovation award.

CHRISTOPHER ZACCA, CHAIRMAN, SAGICOR FOUNDATION JAMAICA (2026)

> **"Sagicor Foundation Jamaica stands firmly on its mandate to be a key player in the drive to improve the lives of our youth and provide pathways through which each young person can access quality education."**[1]

Since 2024, the Chairman's Innovation Award has recognised a tertiary scholar for creativity and originality, particularly in using technology to drive positive change.[2]

The 2025 Chairman's Innovation Award went to iLern AI, an AI-powered tutoring app built by a Northern Caribbean University student.[3]

In 2026 the Foundation awarded J$27.8 million in scholarships, grants and renewals, across fields that include engineering and technology.[1]

Sagicor scholars commit to at least 40 hours of volunteer service each year.[2]

In October 2026 a J$25 million Sagicor Foundation investment restored the Hope Brooks Painting Studio at Edna Manley College.[4]

Rewarding young people who build.

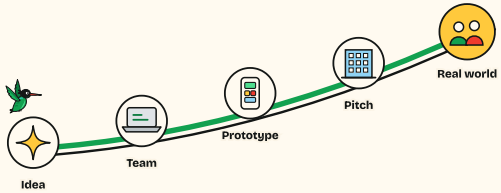

2024 — **The Chairman's Innovation Award begins.**
A new award for scholars who develop new ideas, processes or products, particularly with technology that drives positive change.[2]

2025 — **An AI tutor wins.**
The Chairman's Innovation Award goes to iLern AI, an AI-powered tutoring app, in the year 55 scholarships marked the Foundation's 55th anniversary.[3]

2026 — **J$27.8 million for students.**
44 new scholarships, grants and special awards, plus 131 renewals, chosen from about 1,400 applicants.[1]

2026 — **A J$500,000 innovation award.**
The Chairman's Innovation Award supports a UWI law student's education and a vision for equitable change.[5]

2026 — **A studio restored.**
J$25 million from SIGMA Corporate Run proceeds restored the Hope Brooks Painting Studio at Edna Manley College.[4]

Sagicor already celebrates young Jamaicans who turn technology into change. Hack876 is where many of them could take the very first step.

9 schools. One room.

Hack876 begins with the schools where we already have relationships and can coordinate most reliably for the inaugural staging. Formal confirmations are still in progress, and the network is not an exclusive eligibility list.

- Hillel Academy
- Campion College
- Jamaica College
- Immaculate Conception High School
- Wolmer's
- Ardenne High School
- American International School of Kingston
- St. Andrew High School for Girls
- St. George's College

There are two natural homes for this inside the Sagicor Foundation.

FOUNDATION

A Sagicor special award

- Contribute toward a special award
- A proposed Sagicor Young Innovator Award, if it fits
- Presented on stage by the Sagicor team
- Small, specific and easy to report on

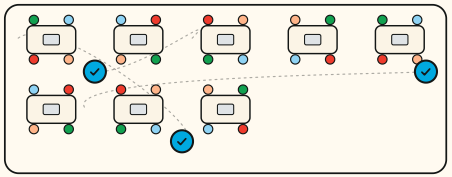

PEOPLE

Sagicor people in the room

- Digital, technology and data staff as mentors
- A short talk on technology careers at Sagicor
- Volunteers for check-in and the day's logistics

The Sagicor Foundation's contribution does not have to be purely financial.

PEOPLE IN THE ROOM.

01
Mentors

Technologists and data people who help teams get unstuck, without building the project for them.

02
Award presenters

The Sagicor team presents its award on stage at the close.

03
Speaker

A short, honest talk on what building with technology looks like inside a large Jamaican group.

04
Judging support

Sagicor can advise on the award criteria; the final call sits with the judging panel.

05
Volunteers

Staff, and Sagicor scholars if Sagicor wishes, who help with check-in, meals and keeping the day on time.

GROUND RULES WE WILL HOLD OURSELVES TO

No marketing of insurance, pensions, investments or other financial products to students, and no sign-ups on the day.

No collection of student contact details or data by sponsors. Photos and names only with school and parent consent.

Sponsor staff mentor and present; the judging panel decides every award.

07 OUR INVITATION

Become a Bronze Partner of the inaugural Hack876.

J$50,000 to below J$200,000

BRONZE PARTNER · INAUGURAL HACK876

It sits naturally beside the Chairman's Innovation Award, at secondary-school level, and it is a small, clear commitment that is easy to report on.

Any amount within the level is welcome. It is a flexible contribution toward the event, with no naming rights attached.

PROPOSED RECOGNITION

Sagicor Foundation Jamaica

Bronze Partner · Inaugural Hack876

Closest Hack876 tracks: Learn, Wellbeing, Culture

CONTRIBUTION LEVELS. ANY AMOUNT WITHIN A LEVEL IS WELCOME.

Bronze Partner	Silver Partner	Gold Partner	Platinum Partner
SUGGESTED			
J$50,000 to below J$200,000	J$200,000 to below J$500,000	J$500,000 to below J$1,000,000	J$1,000,000+

In-kind & Community Support: devices, gift cards, meals, refreshments, supplies, connectivity, expertise, and contributions below J$50,000.

08 CONTRIBUTION LEVELS

What each level receives.

Bronze Partner

J$50,000 to below J$200,000

OUR SUGGESTION

- Recognition on the Hack876 website
- Included in the grouped sponsor thank-you
- Named in the post-event recap

Silver Partner

J$200,000 to below J$500,000

- Everything in Bronze
- Placement on event signage
- Acknowledgement in the opening and closing

Gold Partner

J$500,000 to below J$1,000,000

- Everything in Silver
- More prominent placement
- A dedicated sponsor feature
- Logo on event shirts, if shirts are produced*

Platinum Partner

J$1,000,000+

- The most prominent sponsor placement
- An agreed opportunity to take part in the programme
- Logo on event shirts, if shirts are produced*

These are proposed benefits, to be agreed when a sponsorship is confirmed. A sponsor can contribute any amount within a band.

*Shirt placement applies only if event shirts are produced and artwork arrives before the production deadline.

Speaking, mentoring, presenting an award and judging are subject to suitability and programme capacity. Sponsorship does not buy influence over judging, and no level carries naming rights.

09 WHERE A CONTRIBUTION GOES

No contribution has to cover a whole cost.

WHAT A CONTRIBUTION COULD SUPPORT

- **Special awards.** Helps support an existing special award.
- **Programming.** Helps support mentoring, judging and the student programme.

A sponsor can support the event overall, or agree a specific use with the Hack876 team. No contribution has to cover a whole cost.

In-kind & Community Support

For devices, gift cards, meals, refreshments, supplies, connectivity, expertise, and for contributions below J$50,000.

A meaningful in-kind contribution can be recognized at an equivalent level, based on a usable value agreed together. The advertised value of software credits or volunteer hours is not counted as cash automatically.

AN IDEA, NOT YET A HACK876 AWARD

Sagicor Young Innovator Award (proposed)

A suggestion only: an award for the build that best uses technology to drive positive change, echoing the spirit of the Chairman's Innovation Award. Criteria would be agreed together, and the judging panel would decide.

There is no faceless sponsorship process here.

This proposal is for **Nicole Campbell Robinson, Vice-President, Communications, Social Media and Corporate Social Responsibility, Sagicor Group Jamaica**.[1]

If the Sagicor Foundation is interested, we can decide together what involvement should actually look like.

QUESTIONS WE WOULD ANSWER TOGETHER

- ✓ How does this fit our focus on education and youth?
- ✓ Are other insurers or financial groups involved, and how is that handled?
- ✓ What visibility would the Foundation get, and what can we share on our channels?
- ✓ When and where is it?
- ✓ How much staff time would mentoring or judging support take?

A conversation, not a workload.

Deliberately focused.

Our vision is national. This inaugural staging does not have national-event resources, and we will not pretend it does.

Approximately 80 students. A school network of 9 in Kingston. One day, done properly.

Build the first one well.
Learn from it.
Earn the right to make the second one bigger.

2027

Help make the first Hack876 happen.

No multi-year commitment required.

FUTURE POSSIBILITIES, ONLY IF BOTH SIDES FIND IT VALUABLE. NOT COMMITMENTS.

- A recurring Sagicor Young Innovator Award at every Hack876.
- A past Chairman's Innovation Award winner speaking to students, if Sagicor would like to make the introduction.
- Hack876 as a place Sagicor scholars could give volunteer hours, on Sagicor's terms.
- A Wellbeing challenge shaped with input from Sagicor's people.

HACK876 × SAGICOR FOUNDATION JAMAICA

Somewhere in that room may be a future founder, engineer, designer or leader.

They do not need us to decide who they become.

They need an opportunity to begin.

HELP US BUILD THAT OPPORTUNITY.

We would love to explore the right first step with Nicole and the Sagicor Foundation team.
