HACK876 × REPLIT

PRIVATE PARTNERSHIP BRIEF

From idea to live URL in one day.

Hack876 gives Jamaican high-school students one day to build something real for their own communities. We would love Replit credits in the hands of the teams that want to ship on Replit.

WHAT HACK876 IS

A one-day build competition in Kingston for about 80 secondary-school students, 5th Form through Upper 6th Form, working in teams of 3 to 4. Teams pick a real problem and finish the day with a working prototype and a pitch to judges.

When: Saturday, February 20, 2027 (tentative)

Where: Spanish Court Hotel, Kingston (confirmed)

Who: About 80 students, roughly 20 teams

Organisers: Nadani Dixon and Stefen Ewers

WHY REPLIT

Replit runs an event support programme that provides credits to events, and lets students build and publish from a browser.

WHAT WE ARE ASKING

Replit event credits for the teams that choose to build on Replit, held in adult organiser accounts.

WHAT IT MAKES POSSIBLE

A team without a strong laptop can build and publish a working app from a browser in one day.

WHAT REPLIT RECEIVES

Build Tools Partner recognition, and a written recap that says which projects were built on Replit.

THE NEXT STEP

We will submit Replit's event support request form once the date is confirmed. Advice on events with under-18 participants would help before then.

Nadani Dixon and Stefen Ewers, Hack876 organisers · info@hack876.com

01 THE REQUEST

What we are asking for, and how it would be used.

Replit gives credits, not cash, and that is all we are asking for: credits for the teams that choose to build on Replit, plus anything Replit suggests on how best to use them.

- **Replit event credits for teams that opt in**
- **Credits held in organiser accounts, not student accounts**

WHY REPLIT

Replit supports hackathons and coding events with credits, so participants can build, deploy and ship real projects throughout the event.[2]

Those credits cover Replit Agent, deployments and compute during the event.[2]

Replit runs in the browser. Participants sign up, start building and deploy, all in one place.[2]

WHAT REPLIT WOULD RECEIVE

Build Tools Partner · Inaugural Hack876

A meaningful in-kind contribution can be recognized at an equivalent level, based on a usable value agreed together. The advertised value of software credits or volunteer hours is not counted as cash automatically.

Replit credits for every team that wants to ship.

Replit event credits for the teams that choose Replit, so they can build with Agent and publish a working app by the end of the day. Teams that prefer other tools build with those instead.

POSSIBLE STRUCTURES

- Organiser-held: credits sit with adult organiser and mentor accounts, or an organiser-run team workspace, rather than with students.
- Opt-in teams: a student uses Replit only with a parent or guardian's permission, in line with Replit's terms.
- Whatever Replit recommends for events with under-18 participants.
- If no route fits, Replit stays optional and teams build with other tools.

AGE AND ACCOUNT TERMS

Replit's Terms of Service say users must be at least 13, and anyone under 18 needs a parent or guardian's permission to use the Service. Most Hack876 students are under 18, so any student who uses Replit would do so only with that permission, and Hack876 will not create student accounts or promise any student an account. Replit has not approved access for our students, and we will follow whatever Replit advises.

GROUND RULES WE WILL HOLD OURSELVES TO

No marketing, sign-up drives or promotions aimed at students. Replit is presented as one option among many, and teams may use any tools they like.

No student data collected for, or shared with, Replit. Any account is between a student, their parent or guardian and Replit, under Replit's own terms.

We follow Replit's age and account terms. Students without a parent or guardian's permission are never asked to work around them.

Who is running it, and what we need from you.

ORGANISERS	Nadani Dixon (Redfin) and Stefen Ewers (Anthropic Claude Ambassador) lead the event and are the contacts for this proposal.
VENUE	Spanish Court Hotel in Kingston is confirmed as the venue.
DATE	Saturday, February 20, 2027 is the working date. It is tentative until confirmed with schools.
JUDGES	7 judges have confirmed, from Tesla, Microsoft, Meta, Google, Accenture, Diageo, HashiCorp.

Schools: 1 confirmed, 2 in talks, 6 not yet confirmed, from a network of 9 in Kingston. Sponsors do not receive student contact details, and there are no sign-ups or selling on the day. Photos and names are used only with school and parent consent.

THE DECISION WE ARE ASKING FOR

We will submit Replit's event support request form once the date is confirmed. Advice on events with under-18 participants would help before then.

Replit's Terms of Service say users must be at least 13, and anyone under 18 must have a parent or guardian's permission to use the Service.[7]

Your contact: Nadani Dixon and Stefen Ewers, Hack876 organisers · info@hack876.com

WHAT YOU WOULD RECEIVE AFTERWARDS: A WRITTEN RECAP

- ✓ **How many students, teams and schools took part**
- ✓ **What the teams built, with the finalist projects described**
- ✓ **How your contribution was used**
- ✓ **Photos, only where schools and parents have consented**

We will document the recognition delivered and report the results we have. Audience reach and commercial outcomes are not guaranteed. Student contact details are not shared.
