

Opportunity needs a first step.

AFJ's leadership describes education and innovation as a pathway to opportunity. Hack876 gives young Jamaicans one day to take their first step down it.

DAY

ONE DAY TO BUILD SOMETHING THAT SHOULD EXIST.

What if young Jamaicans experienced themselves as builders before anyone told them what career they should have?

Before the degree.

Before the first job.

Before anyone hands them a title.

There is usually a first moment when someone realizes: I can build this.

For most young people, that moment arrives late, if it arrives at all.

Hack876 is designed to create more of those moments.

Meet Hack876.

Hack876 is a one-day build competition for approximately **80 secondary-school students** from 5th Form through Upper 6th Form, working in teams of 3 to 4, roughly 20 teams in all, on Saturday, February 20, 2027 (tentative).

Teams pick a real problem, use modern tools including AI, get guidance from mentors, and finish the day with a working prototype and a pitch to judges. It is not a school assignment and there is no answer key.

Our **9-school network** in Kingston is made up of the schools where the Hack876 team currently has relationships and can coordinate most reliably. It is not an exclusive eligibility list.

BUILD SOMETHING THAT SHOULD EXIST.

A hackathon is bigger than software.

Hack876 is an open build competition. Teams choose the problem and the medium.

Some will write code. Some will wire circuits. Some will design a service, a business or a tool nobody has thought of yet.

A team might build:

 A piece of software

 An AI tool

 An automation

 A data product

 A tool for small businesses

 Hardware

 A robot

 A physical prototype

 A resilience solution

 Something none of us expected

The medium does not matter.

The instinct to create does.

Why The American Friends of Jamaica

Hack876 is one day where tutoring, job readiness and a first working build meet in the same room.

AFJ'S MISSION

"The American Friends of Jamaica is a not-for-profit 501(c)(3) organization dedicated to support Jamaican charitable organizations and social initiatives committed to sustainably transforming the lives of Jamaicans."²

AFJ looks for organisations with "measurable impact, an efficient track record and excellence."³

Its education grants already reach tutoring for secondary school students and job training programmes.³

Economic development grants are weighed on their potential for job readiness and job creation.³

In 2025 an AFJ grant made the Coding Challenge 2025 free for students in grades 4 to 12, alongside a robotics outreach day.⁴

"At AFJ, we believe in investing in education and innovation as a pathway to opportunity, equity, and empowerment for all." Monica Ladd, AFJ⁴

Four decades of believing in Jamaica.

1982 Founded by a handful of Jamaicans and Americans who loved Jamaica and wanted to see it prosper.²

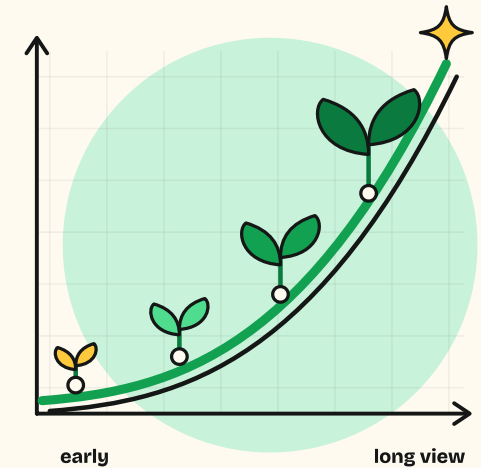

Since 1982 About US\$20.4 million in grants across education, healthcare and economic development.³

2025 A dedicated grant makes a national coding challenge free for students in grades 4 to 12.⁴

2026 US\$1.3 million to 65 organisations, presented at the United States Embassy.⁵

Every November A new grant cycle opens, with applications due the first Friday in February.⁶

Every cycle, AFJ backs the organisations doing the work. Hack876 would like to earn a place in a coming one.

9 schools. One room.

Hack876 begins with the schools where we already have relationships and can coordinate most reliably for the inaugural staging. Formal confirmations are still in progress, and the network is not an exclusive eligibility list.

Hillel Academy	Campion College
Jamaica College	Immaculate Conception High School
Wolmer's	Ardenne High School
American International School of Kingston	St. Andrew High School for Girls
St. George's College	

There are two natural homes for this inside AFJ.

AFJ does not conduct pre-proposal meetings, so this page is a brief interest check, not a request for one.⁶

GRANT APPLICATION

A programme grant through AFJ's annual cycle

- ✓ A short interest check now. The full case goes in the application.
- ✓ Submitted by a partner registered under the Jamaica Charities Act, or by a school through its Principal's office.
- ✓ Funds programme costs only: student meals, materials, production and recognition.
- ✓ Reported back the way AFJ asks of every grantee, every six months.

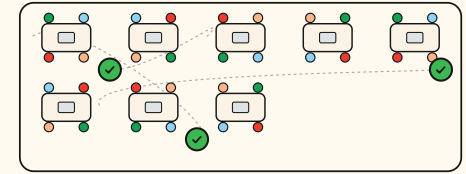

DONOR DIRECTED

A route for AFJ supporters who ask about Hack876

- ✓ AFJ also processes donor directed grants, with a one-time 5% administrative fee.
- ✓ Only if a supporter raises it. We would never approach AFJ's donors without you.
- ✓ Same registered recipient and the same reporting as a programme grant.

AFJ's contribution does not have to be purely financial.

PEOPLE IN THE ROOM.

01

Finals guest

An AFJ representative in the room for the final pitches, if the calendar allows.

02

Judge

A board or staff member on the judging panel for one track.

03

Observer

AFJ's on-site Program Analyst is welcome to watch the day from kickoff to demos.

04

Mentor

Someone from a tutoring or job-training grantee spending an hour with a team.

05

Reviewer

A quick read of our outcome measures before the day, so the report answers AFJ's questions.

GROUND RULES WE WILL HOLD OURSELVES TO

No marketing to students. AFJ appears as a supporter, never in anything pitched at them.

No student data is collected for or shared with partners. Names and photos only with school and parental consent.

Grant funds go to programme costs only, never to fundraising activities or indirect costs.

The honest answer to the visibility questions.

Will AFJ be visible? Yes, across event materials, programming and post-event storytelling, at a level that matches the partnership.

Is the audience relevant? It is the next generation of Jamaican builders, professionals and leaders, met early.

Can it build longer relationships? Yes, through people, schools and a second year, not through leads.

WHO IS IN AND AROUND THE ROOM

Ambitious secondary-school students

Approximately 80 of them, from 5th Form through Upper 6th Form.

Parents and families

Who see who showed up for their children.

Teachers and school communities

Across our network of 9 schools in Kingston.

Future university students

Making choices about what to study and where.

Future founders and professionals

Meeting AFJ early, and in the right way.

Many participants are minors. We will not promise leads, reach, impressions or data.

~US\$3,500

PROGRAMME PARTNER · INAUGURAL HACK876

A grant in this range sits inside AFJ's typical US\$1,000 to US\$20,000 grants and would carry the student experience as programme support. If the timing or eligibility does not fit this cycle, a smaller grant toward food and student experience is a natural place to start.

What it covers:

- ✓ Student experience on the day
- ✓ Equipment and materials
- ✓ Mentoring and judging programme
- ✓ Programming and logistics

The size of the commitment can change. The invitation to be part of the first one does not.

There is no faceless sponsorship process here.

This proposal is for **Caron Chung, Executive Director**.¹

If AFJ is interested, we can decide together what involvement should actually look like.

QUESTIONS WE WOULD ANSWER TOGETHER

- ✓ Which registered organisation would apply, and is it registered under the Jamaica Charities Act?
- ✓ Does the event fall after AFJ's spring awards, or is this a year-two application?
- ✓ What exactly would the grant pay for, and how is that kept separate from prizes to individuals?
- ✓ How will you measure impact, and what will you report every six months?
- ✓ Who else is funding Hack876?
- ✓ Will Hack876 run again after 2027?

A conversation, not a workload.

Deliberately focused.

Our vision is national. This inaugural staging does not have national-event resources, and we will not pretend it does.

Approximately 80 students. A school network of 9 in Kingston. One day, done properly.

Build the first one well.

Learn from it.

**Earn the right to make
the second one bigger.**

2027

Help make the first Hack876 happen.

No multi-year commitment required.

FUTURE POSSIBILITIES, ONLY IF BOTH SIDES FIND IT VALUABLE. NOT COMMITMENTS.

A multi-school grant in a later cycle, once year one has results to report.

Introductions to AFJ's tutoring and job-training grantees, so students have somewhere to go next.

A challenge shaped around a community need AFJ's grantees see every day.

Diaspora supporters giving through AFJ's donor directed route, if they ask.

HACK876 x THE AMERICAN FRIENDS OF JAMAICA

Somewhere in that room may be a future founder, engineer, designer or leader.

They do not need us to decide who they become.

They need an opportunity to begin.

HELP US BUILD THAT OPPORTUNITY.

We would love to explore whether Hack876 fits a coming grant cycle with Caron and the AFJ team.
