

Innovation is a must. Let's start it early.

The JN Foundation names innovation as a guiding principle. Hack876 gives secondary-school students one day to build their first idea, and a JN award would tell them it matters.

1

DAY

ONE DAY TO BUILD SOMETHING THAT SHOULD EXIST.

Meet Hack876.

Hack876 is a one-day build competition for approximately **80 secondary-school students** from 5th Form through Upper 6th Form, working in teams of 3 to 4, roughly 20 teams in all, on Saturday, February 20, 2027 (tentative).

Teams pick a real problem, use modern tools including AI, get guidance from mentors, and finish the day with a working prototype and a pitch to judges. It is not a school assignment and there is no answer key.

Our **9-school network** in Kingston is made up of the schools where the Hack876 team currently has relationships and can coordinate most reliably. It is not an exclusive eligibility list.

BUILD SOMETHING THAT SHOULD EXIST.

Youth, education and innovation, in one room.

Hack876 is where a secondary-school student first turns an idea into something that works, with technology and a team beside them.

JN FOUNDATION MISSION

“The JN Foundation works with internal and external partners to identify, develop and provide technical and financial support to projects and programmes that focus on issues relating to rural development, health, housing, education, youth, community, crime and safety.”²

"Innovation is a must" is one of the JN Foundation's four guiding principles, and its mantra begins "Innovating, Inspiring, Impacting".²

In 2023, the "Building Future FinTech Innovators: Skills for Life" camp drew about 300 participants and focused on "careers and other opportunities in tech".³

Science Genius Jamaica, with Columbia University's Professor Christopher Emdin, used dancehall to get high-school students and teachers excited about science.⁴

The JN scholarship programme began 43 years ago and now adds summer camps, leadership workshops and a new mentorship programme.⁵

In September 2026, young Jamaicans spent time with JN Group professionals, including Information Technology staff, alongside the US-based Valda Mae Care Foundation.⁶

Young people, culture and tech.

CULTURE MEETS STEM

Science Genius Jamaica

Dancehall lyric-writing as a way into high-school science, ending in the B.A.T.T.L.E.S. finals in July 2017.⁴

TECH CAREERS

Building Future FinTech Innovators

A 2023 camp of about 300 participants, with speakers from Microsoft, JN Bank and JN Group cyber security.³

43 YEARS

JN Scholars

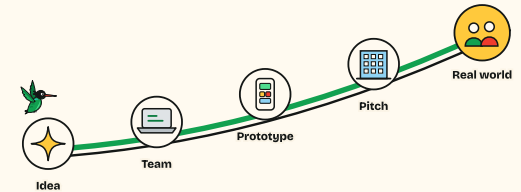

Scholarships plus summer camps, leadership and financial literacy workshops, and a new mentorship programme.⁵

2026

NextGen leaders at JN

Young people met JN Group CEO Earl Jarrett and teams across the Group, from IT to Business Strategy.⁶

The JN Foundation already brings culture, technology and careers to young Jamaicans. Hack876 is a place for them to build.

9 schools. One room.

Hack876 begins with the schools where we already have relationships and can coordinate most reliably for the inaugural staging. Formal confirmations are still in progress, and the network is not an exclusive eligibility list.

Hillel Academy	Campion College
Jamaica College	Immaculate Conception High School
Wolmer's	Ardenne High School
American International School of Kingston	St. Andrew High School for Girls
St. George's College	

There are two natural homes for this inside the JN Foundation.

Sydney Preddie leads Youth and Education Programmes at the JN Foundation, and would be a natural colleague to include.⁷

FOUNDATION

A JN special award

- ✓ Back the special awards, or one award
- ✓ A proposed JN Innovation Award, if it fits
- ✓ Presented on stage by the JN Foundation team
- ✓ Small, specific and easy to report on

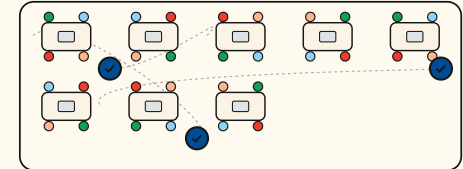

PEOPLE

JN people in the room

- ✓ IT, cyber security and fintech staff as mentors
- ✓ A short talk on technology careers, with JN's introduction
- ✓ Volunteers for check-in and the day's logistics

The JN Foundation's contribution does not have to be purely financial.

PEOPLE IN THE ROOM.

01

Mentors

Technologists and security people who help teams get unstuck, without building the project for them.

02

Award presenters

The JN Foundation team presents its award on stage at the close.

03

Speaker

A short, honest talk on building a career in technology, from someone JN would like to introduce.

04

Judging support

The JN Foundation can advise on the award criteria; the final call sits with the judging panel.

05

Volunteers

Staff and JN Circle members, if the Foundation wishes, who help with check-in, meals and keeping the day on time.

GROUND RULES WE WILL HOLD OURSELVES TO

No marketing of bank accounts, loans, insurance or other financial products to students, and no sign-ups on the day.

No collection of student contact details or data by sponsors. Photos and names only with school and parent consent.

Sponsor staff mentor and present; the judging panel decides every award.

Become a Special Awards Partner of the inaugural Hack876.

US\$600

SPECIAL AWARDS PARTNER · INAUGURAL HACK876

It turns "Innovation is a must" into something a student can win, and it is a small, clear commitment that is easy to report on.

What it covers:

- ✓ Best Design, US\$200
- ✓ People's Choice, US\$200
- ✓ Boldest Idea, US\$200

PROPOSED RECOGNITION

JN Foundation

Special Awards Partner · Inaugural Hack876

Closest Hack876 tracks: Culture, Business, Learn, Resilience

Choose the level that fits.

Official Prize Partner

~US\$3,500

Hack 876 Winner	iPad per student (up to 4)	Approximately US\$1,800
Second Place	AirPods Pro per student (up to 4)	Approximately US\$1,000
Third Place	US\$150 gift card per student (up to 4)	US\$600

Food & Student Experience Partner

US\$1,000

Approximately J\$150,000 for meals and refreshments, in cash or in kind.

Special Awards Partner

US\$600

OUR SUGGESTION FOR THE JN FOUNDATION

Best Design, Boldest Idea, People's Choice: US\$600 for all 3, or US\$200 for one, presented by the JN Foundation.

In-kind / People Partner

TIME AND EXPERTISE

OUR SUGGESTION FOR THE JN FOUNDATION

Mentors from JN Group's IT, cyber security or fintech teams, a speaker on technology careers in financial services, volunteers for check-in and judging logistics.

AN IDEA, NOT YET A HACK876 AWARD

JN Innovation Award (proposed)

A suggestion only: an award for the boldest, most original build, in the spirit of "Innovation is a must". A Culture-track version, echoing Science Genius Jamaica, could work too. Criteria would be agreed together, and the judging panel would decide.

Costs are approximate. Final prize configuration may change with team structure, pricing and availability.

Every option at a glance.

SPECIAL AWARDS PARTNER

US\$600

INAUGURAL HACK876

It turns "Innovation is a must" into something a student can win, and it is a small, clear commitment that is easy to report on.

FOOD & STUDENT EXPERIENCE PARTNER

Approximately J\$150,000 for meals and refreshments, in cash or in kind.

US\$1,000

IN-KIND / PEOPLE PARTNER

Judges, mentors, speakers, volunteers and resources.

Time

JN INNOVATION AWARD (PROPOSED)

A custom award shaped together.

Proposed

The size of the commitment can change. The invitation to be part of the first one does not.

There is no faceless sponsorship process here.

This proposal is for **Claudine Allen, General Manager, JN Foundation.**¹

If the JN Foundation is interested, we can decide together what involvement should actually look like.

QUESTIONS WE WOULD ANSWER TOGETHER

- ✓ Is this a grant, and who would receive the funds?
- ✓ How does this fit our youth, education and innovation priorities?
- ✓ Which schools and students take part?
- ✓ When and where is it?
- ✓ How are students protected on consent, data and marketing?
- ✓ How much staff time would mentoring or judging support take?

A conversation, not a workload.

Deliberately focused.

Our vision is national. This inaugural staging does not have national-event resources, and we will not pretend it does.

Approximately 80 students. A school network of 9 in Kingston. One day, done properly.

**Build the first one well.
Learn from it.
Earn the right to make
the second one bigger.**

2027

Help make the first Hack876 happen.

No multi-year commitment required.

FUTURE POSSIBILITIES, ONLY IF BOTH SIDES FIND IT VALUABLE. NOT COMMITMENTS.

A recurring JN Innovation Award at every Hack876.

A Hack876-style challenge inside the JN Scholars summer camp.

A Culture and code challenge in the spirit of Science Genius Jamaica.

JN professionals as mentors through the year, alongside the new scholar mentorship programme.

HACK876 × JN FOUNDATION

Somewhere in that room may be a future founder, engineer, designer or leader.

They do not need us to decide who they become.

They need an opportunity to begin.

HELP US BUILD THAT OPPORTUNITY.

We would love to explore the right first step with Claudine and the JN Foundation team.
