Mrs. Margaret Campbell
Principal
St George's College
Winchester Park, North Street
Kingston

Dear Principal Campbell,

Re: Invitation for St. George's College to take part in Hack 876, Saturday 20 February 2027

We write to invite students of St. George's College to take part in Hack 876, a free, one-day hackathon on Saturday 20 February 2027 at the Spanish Court Hotel, Kingston, Jamaica. Students in 5th Form through Upper 6th Form from schools across Kingston will work in teams of 3 to 4 to build a working prototype of an idea, then present it to judges from industry.

In March 2026 St George's won the People's Choice Award at the JPS Foundation EcoSpark Innovation Challenge for its sponge city, and both of its robotics teams finished in the top ten at the FIRST Tech Challenge Jamaica championship.

Taking part asks very little of St George's. There is no cost to the school or to students, nothing for the school to host, organize or transport, and no class time, because the event is on a Saturday. We ask only for a member of staff to act as our contact, and for teachers to share the opportunity with eligible students, who register themselves on MLH. The organizers handle consent forms and the event itself, and families receive safety details before the day. Whether students take part remains a decision for the school and for families.

We wrote to you by email on 16 October 2026 and would be glad to hear from you. To confirm St George's participation, please email info@hack876.com, or ask a member of staff to do so. Campion College and Hillel Academy have confirmed their participation, and we would be honoured to welcome St George's students alongside them.

Yours sincerely,

Stefen Ewers
Co-organizer, Hack 876

Nadani Dixon
Co-organizer, Hack 876
