HACK876 × CARDINAL LAW

PRIVATE PARTNERSHIP PROPOSAL

Every big idea eventually meets the real world.

Hack876 gives Jamaica's next generation of builders a place to start. Cardinal advises on what happens when an idea becomes something more.

WHAT HACK876 IS

A one-day build competition in Kingston for about 80 secondary-school students, 5th Form through Upper 6th Form, working in teams of 3 to 4. Teams pick a real problem and finish the day with a working prototype and a pitch to judges.

When: Saturday, February 20, 2027 (tentative)

Where: Spanish Court Hotel, Kingston (confirmed)

Who: About 80 students, roughly 20 teams

Organisers: Nadani Dixon and Stefen Ewers

WHY CARDINAL LAW

Cardinal Law is a Jamaican firm formed by four attorneys. Two of its partners attended Campion College and St. George's College, both in the Hack876 school network.

WHAT WE ARE ASKING

A Platinum contribution toward the inaugural event. Any level is welcome.

Platinum Partner: J$1,000,000+. Every level is set out in the appendix.

WHAT IT MAKES POSSIBLE

Helps support the equipment teams build with, the prizes, student meals and the running of the day.

WHAT CARDINAL LAW RECEIVES

Recognition at the level agreed, in front of about 80 students, their teachers and families, and a written recap.

THE NEXT STEP

A reply from Abuna Jones Campbell or D'Angello G. Foster on whether Cardinal would consider a contribution, and at what level.

Why Cardinal?

This is not a traditional law firm being awkwardly attached to a technology event.

01

A modern Jamaican legal practice.

Cardinal describes itself as experienced, modern and professional,[1] a "dynamic and innovative law firm" formed by four attorneys, committed to "pragmatic, innovative, and client-focused legal services."[2] Its own line: "your partner in innovation in Kingston, Jamaica."[1]

02

Close to the innovation lifecycle.

Its intellectual property practice covers trademarks, patents, copyrights and "rights related to new technologies."[5] Its corporate work spans private equity, corporate finance, capital markets, M&A and data protection and privacy.[3] And it has written publicly about Jamaica's move to digital land titles, including the data security and privacy questions it raises.[6]

03

People students can actually learn from.

D'Angello was called to the Bar in 2018[4] and Abuna in 2019,[3] and both have already built serious practices. Their careers are close enough to feel imaginable to a student in Upper 6th Form.

02 OUR INVITATION

Become a Platinum Partner of the inaugural Hack876.

OUR SUGGESTION

- The most prominent sponsor placement
- An agreed opportunity to take part in the programme
- Logo on event shirts, if shirts are produced*

These are proposed benefits, to be agreed when a sponsorship is confirmed. A sponsor can contribute any amount within a band.

*Shirt placement applies only if event shirts are produced and artwork arrives before the production deadline.

Speaking, mentoring, presenting an award and judging are subject to suitability and programme capacity. Sponsorship does not buy influence over judging, and no level carries naming rights.

HACK876 × CARDINAL LAW

The first version of something important usually looks small.

A student. A team. A problem. A prototype.

EVERY INSTITUTION WAS ONCE AN IDEA.

Hack876 gives young Jamaicans a place to begin. We would love Cardinal Law to help make that first room possible.
