HACK876 × JMMB JOAN DUNCAN FOUNDATION

PRIVATE PARTNERSHIP PROPOSAL

Greatness needs somewhere to begin.

For one day, students do not learn about entrepreneurship. They choose a problem, build a prototype and pitch it.

WHAT HACK876 IS

A one-day build competition in Kingston for about 80 secondary-school students, 5th Form through Upper 6th Form, working in teams of 3 to 4. Teams pick a real problem and finish the day with a working prototype and a pitch to judges.

When: Saturday, February 20, 2027 (tentative)

Where: Spanish Court Hotel, Kingston (confirmed)

Who: About 80 students, roughly 20 teams

Organisers: Nadani Dixon and Stefen Ewers

WHY THE JMMB JOAN DUNCAN FOUNDATION

The JMMB Joan Duncan Foundation's mission is to develop, steward and support transformational initiatives in education and entrepreneurship.

WHAT WE ARE ASKING

A Platinum contribution from the JMMB Joan Duncan Foundation, as support for education and entrepreneurship.

Platinum Partner: J$1,000,000+. Any level is welcome, and the levels are in the appendix. A detailed event budget will follow before any formal commitment is asked for.

WHAT IT MAKES POSSIBLE

Helps support the equipment teams build with, the prizes, student meals and the running of the day.

WHAT THE FOUNDATION ACHIEVES

About 80 students practise entrepreneurship for a day. The Foundation receives Platinum recognition and a written recap of what they built.

THE NEXT STEP

A conversation about whether the Foundation will consider this as a grant request. If it is not the right home, we would ask JMMB's sponsorship team instead. A detailed budget will follow before any formal commitment.

01 WHY JMMB

You already told us what you care about.

We built something that sits right in the middle of it.

THE FOUNDATION'S MISSION

"To develop, steward and support transformational initiatives in education and entrepreneurship."[1]

The Foundation says it sponsors scholarships because education is "one of the most powerful weapons we have to combat poverty."[2]

It also says it sponsors and provides tangible support to **entrepreneurial competitions among our nation's youth**, awarding prizes to the top competitors.[2]

Through its partnership with UTech, JMMB supports the Joan Duncan School of Entrepreneurship, Ethics and Leadership, and its Conversations for Greatness work with the Ministry of Education reached the staff of 88 schools.[2]

In 2025 alone, the Foundation sponsored eleven youth summer camps, including STEM programmes.[5]

Hack876 is a youth competition built on exactly those two ideas: education and entrepreneurship, happening in the same room, on the same day.

02 THE ROUTE WE ARE ASKING FOR

We are asking the Foundation first.

JMMB routes sponsorship and brand partnerships separately from charitable and grant requests to the Joan Duncan Foundation.[4] We are asking the Foundation, because Hack876 is education and entrepreneurship in practice. Sponsorship is the alternative if the Foundation is not the right home.

PATH 1 · THE FOUNDATION

Mission alignment

- The practical intersection of education and entrepreneurship
- A youth competition, which the Foundation already supports
- Students behaving like founders, not just learning about them
- Nation building through young people who believe they can create

THE ALTERNATIVE · MARKETING AND SPONSORSHIP

Recognition at the level agreed

- Recognition at the level agreed
- Association with entrepreneurship, technology and youth opportunity
- Content and storytelling around Jamaican innovation

HACK876 × JMMB JOAN DUNCAN FOUNDATION

Somewhere in that room may be a future founder, engineer, investor, designer or leader.

They do not need us to decide who they become.

They need an opportunity to begin.

HELP US BUILD THAT OPPORTUNITY.

We would love to explore what the right first step looks like with Jon and the JMMB team.
