HACK876 × ABUNDANT

INFORMATION BOOKLET FOR THE PRINCIPAL

# An invitation for St. Andrew High School for Girls

**Build something that should exist.**

**DATE**
Saturday 20 February 2027 (tentative)

**HOURS**
8:00 AM to 7:30 PM

**VENUE**
Spanish Court Hotel, Kingston, Jamaica

**COST**
Free for schools and students

Hack 876 is a one-day build competition for Jamaican secondary-school students. In teams of 3 to 4, students choose a real problem, build a prototype that addresses it, and present it to a panel of judges.

**The St Andrew page**

**www.hack876.com/schools/st-andrew**

## Prepared for Mrs. Keeva Ingram, Principal

Hack 876 is organized independently of St. Andrew High School for Girls. This booklet sets out what the day involves and what we would ask of the school.

WHY ST ANDREW

# St Andrew already builds.

**In October 2026 two St Andrew sixth formers were on Team Jamaica at the FIRST Global Robotics Olympics in Incheon, one of them as team captain. Jamaica came home with gold for innovation in engineering.**

### Robotics Olympics
Two sixth formers on Team Jamaica in October 2026, including the team captain.

### Women in STEM
A May 2026 Guardian Group Foundation grant to the Robotics Club for kits, parts and competitions.

### Coding winners
First place at the 2024 Flow Girls in ICT Day coding challenge.

### Digital early
An early Bring Your Own Device school, with an approach later shared with the Ministry of Education.

> **"We honour our history, but we are always looking at what's next, what is good for the girls."**
>
> Mrs. Keeva Ingram, Principal, St Andrew High School for Girls · Jamaica Observer, September 2025

Hack 876 adds students from other schools, a fixed deadline, industry mentors and judges who ask teams to explain their decisions. It gives the girls behind Polar Gears, and the ones who have not tried building yet, one day to make something real.

### What students practise

- Defining a real problem
- Designing, building and testing a solution
- Teamwork with students from other schools
- Explaining their work to judges

These are among the skills assessed in CSEC Information Technology and in CAPE Computer Science and Digital Media. Hack 876 is independent of CXC and the Ministry, and taking part does not count toward any SBA.

THE DAY

# One day, from first idea to working demo.

A hackathon is an event where small teams build something from scratch in a single day, then present it to judges. No programming experience is needed: teams also need students who design, research, write and present. Mentors who work in industry help throughout the day.

**Many students will be at their first hackathon, and no coding experience is needed.**

**DATE** TENTATIVE
Saturday 20 February 2027 (tentative)

**VENUE** CONFIRMED
Spanish Court Hotel, Kingston

**HOURS**
8:00 AM to 7:30 PM. One day, not overnight.

**WHO**
Students in 5th Form through Upper 6th Form (Grades 11 to 13 at St Andrew)

**SIZE**
About 80 students from several schools

**TEAMS**
3 to 4 students per team

## The full schedule

One day, from 8:00 AM to 7:30 PM. Not overnight.

**ARRIVE**

| | |
|---|---|
| **8:00 AM** | Doors open |
| **9:00 AM** | Opening |
| **9:20 AM** | Keynote |
| **9:35 AM** | Challenge reveal |

**BUILD**

| | |
|---|---|
| **9:45 AM** | Hacking begins |
| **12:00 PM** | Lunch |
| **3:00 PM** | Submissions open |
| **4:00 PM** | Hacking ends |

**SHOW**

| | |
|---|---|
| **4:15 PM** | Judging |
| **5:30 PM** | Finalists announced |
| **5:45 PM** | Finals |

**CELEBRATE**

| | |
|---|---|
| **6:45 PM** | Awards |
| **7:00 PM** | Photos + hangout |
| **7:30 PM** | That's a wrap |

WHAT STUDENTS BUILD

# Real problems, working prototypes.

Each team picks a track for inspiration, chooses a real problem within it, and builds a working prototype. The tracks guide ideas. They do not limit them.

**Learn**
Rethink how people learn.

**Everyday Jamaica**
Make daily life, getting around and staying well easier.

**Create & Hustle**
Build for small businesses, creators and Jamaican culture.

**Resilience**
Think climate, infrastructure, emergencies, or community resilience.

**Wildcard**
Build something nobody asked for.

**What teams can make**

Websites · Apps · AI tools · Games · Hardware · Data projects · Automations · Agents · Interactive experiences

## What we ask every team to do

01
**Solve something real.**
Start with a problem or moment you actually understand.

02
**Make something that works.**
A rough demo that runs beats a perfect slide deck.

03
**Try something bold.**
Take a swing. Judges notice ambition.

04
**Know what you built.**
Explain how it works, why it matters, and what's next.

WHO WILL BE IN THE ROOM

# Judges and organizers.

**Netania Mundell**
**Judge · Diageo**
St. Andrew High School for Girls · UWI · NYU
**St Andrew past student**

**Dominic Saunders**
**Judge · Tesla**
Campion College · Princeton

**Jordan Howell**
**Judge · Microsoft**
Campion College · Kettering

**Joshua Ardito**
**Judge · Meta**
Campion College · Carnegie Mellon

**Tahj Atkinson**
**Judge · Google**
Campion College · Illinois Tech

**Kendall Todd**
**Judge · Accenture**
Hillel Academy · UF

**Sheneska Williams**
**Judge · HashiCorp (Terraform)**
Immaculate Conception High School · USF

ORGANIZERS

**Nadani Dixon**
**Organizer · Redfin**
Campion College · Middlebury · Georgia Tech

**Stefen Ewers**
**Organizer · Georgia Tech**
Campion College · Hillel Academy · Georgia Tech

Organisations are each person's employer, listed for context. They are not event sponsors unless stated.

**Confirmed schools: Campion College, Hillel Academy**

CONFIRMED SPONSORS

P237 Labs · organizing partner

Lev Beauty

Vault Motors

Norus Technologies

Frankies

HOW WORK IS JUDGED

# How the judges decide.

Each team demonstrates its project to the judges. These are the lenses they use, in plain language. There are no point values.

**Problem & Insight**
Did you find something worth fixing, and do you get why it matters?

**Product & Solution**
Does your idea actually answer the problem?

**Execution**
Does it work? How much did you really build today?

**Originality**
Is it fresh, or a new take on something familiar?

**Impact**
Who would this help, and how much?

**Pitch & Demo**
Can you show it and explain it clearly?

**Complexity alone does not win Hack 876.**

## Prizes

| | |
|---|---|
| **Hack 876 Winner** | iPad per student (up to 4) |
| **Second Place** | AirPods Pro per student (up to 4) |
| **Third Place** | US$150 gift card per student (up to 4) |
| **Best Design** | US$50 gift card per student (up to 4) |
| **Boldest Idea** | US$200 team project grant |
| **People's Choice** | US$50 gift card per student (up to 4) |

**Prizes are tentative and subject to change.**

**Prizes are a bonus; the experience of building is the point.**

No. Hack 876 does not offer or promise internships, jobs, scholarships, interviews or placements.

SAFETY, SUPERVISION AND COST

# What families and the school can rely on.

**Supervision**
Students are supervised by Hack 876 staff and volunteers for the whole day, at the Spanish Court Hotel.

**One day**
It is not overnight. Hack 876 runs for a single day, from 8:00 AM to 7:30 PM, and every student goes home that evening.

**Access and medical needs**
Tell the organizers as early as possible, at info@hack876.com, so arrangements can be made with the venue.

**AI tools**
Students use only organizer-approved, age-appropriate tools. Students under 18 will not use adults-only tools at Hack 876, with or without permission.

**Consent**
Every participant needs a consent form signed by a parent or guardian. This applies whatever the student's age.

**Food**
Food is provided on the day, and the schedule includes a lunch break. Accepted students will be asked about allergies and dietary needs in advance.

**Emergencies**
Every family will be given an on-site contact and the emergency procedure before the event.

**Conduct**
The Code of Conduct and Event Rules are at www.hack876.com/code-of-conduct and www.hack876.com/rules.

## Not provided

**Transport:** No transport has been arranged, so families should plan to bring students to the Spanish Court Hotel for 8:00 AM and collect them at 7:30 PM.

**Devices:** Every student needs to bring their own laptop or other device to build on, plus a charger. Hack 876 is not providing laptops or other hardware.

## Cost

**Hack 876 is free. There is no fee for the school or for students.**

## Being finalised, shared with families before the event

- **Supervision:** The number of supervising adults and the written safeguarding procedures.
- **On-site contact:** The on-site contact details.
- **AI tools:** Which tools are approved, and the age limit for each.
- **Consent form:** The exact wording of the form and how it is returned.
- **Arrival and collection:** Drop-off and pick-up procedures, and whether any transport will be arranged.
- **Food:** The menu.

NEXT STEPS

# What we ask of St Andrew.

- Confirm St Andrew's participation by email to info@hack876.com.
- Name a member of staff as our contact.
- Share the opportunity with eligible students in 5th Form through Upper 6th Form (Grades 11 to 13 at St Andrew), and recommend those who would enjoy it.
- Advise us on school permissions and on communication with parents.

**St Andrew is not asked to pay, host, organize, transport or supervise anything.**

For planning, we have roughly 8 to 12 St Andrew students in mind: an estimate, not a quota or a promise.

| | |
|---|---|
| **First** | An email to info@hack876.com confirming St Andrew's participation and naming a staff contact. |
| **If St Andrew agrees** | Support in principle, and a school-side contact. |
| **Then** | Teachers share the opportunity, and girls apply. |
| **Before the event** | Accepted students and their families receive consent forms. |
| **Event day** | Hack 876, Saturday 20 February 2027 (tentative). |

## Email info@hack876.com to confirm St Andrew's participation

We wrote to you by email on 16 October 2026 and would be glad to hear from you.

**Stefen Ewers and Nadani Dixon, co-organizers · info@hack876.com**
