BY HAND

Mr. Dwight Pennycooke
Principal
Wolmer's Boys' School
National Heroes' Circle
Kingston 4

Dear Principal Pennycooke,

Re: Invitation for Wolmer's Boys' School to take part in Hack 876, Saturday 20 February 2027 (tentative)

We write to invite students of Wolmer's Boys' School to take part in Hack 876, a free, one-day hackathon on Saturday 20 February 2027 (tentative) at the Spanish Court Hotel, Kingston, Jamaica. Students in 5th Form through Upper 6th Form from schools across Kingston will work in teams of 3 to 4 to build a working prototype of an idea, then present it to judges from industry.

In October 2026 a Wolmer's Boys' student was on Team Jamaica at the FIRST Global Robotics Olympics in Incheon, and Wolmer's 300 is adding expanded ICT labs and a multimedia STEAM centre. Johnathan Clarke, a Wolmer's past student who works at Loring Consulting Engineers, is helping Hack 876 as a community partner.

Taking part asks very little of Wolmer's. There is no cost to the school or to students, nothing for the school to host, organize or transport, and no class time, because the event is on a Saturday. We ask only for a member of staff to act as our contact, and for teachers to share the opportunity with eligible students and recommend those who would enjoy it. The organizers handle consent forms and the event itself, and families receive safety details before the day. Whether students take part remains a decision for the school and for families.

We wrote to you by email on 16 October 2026 and would be glad to hear from you. To confirm Wolmer's participation, please email info@hack876.com, or ask a member of staff to do so. Campion College and Hillel Academy have confirmed their participation, and we would be honoured to welcome Wolmer's students alongside them.

Yours sincerely,

Stefen Ewers
Co-organizer, Hack 876

Nadani Dixon
Co-organizer, Hack 876
