HACK876 × WIGTON ENERGY

PRIVATE PARTNERSHIP PROPOSAL

Young Jamaicans, building real tech.

Hack876 is a free day in Kingston for students from 5th Form to Upper 6th, many at their first hackathon. Campion College and Hillel Academy are confirmed, and volunteer judges who work at Tesla, Microsoft, Meta and Google will see what the teams build.

WHAT HACK876 IS

A one-day build competition in Kingston for about 80 secondary-school students, 5th Form through Upper 6th Form, working in teams of 3 to 4. Teams pick a real problem and finish the day with a working prototype and a pitch to judges.

When: Saturday, February 20, 2027 (tentative)

Where: Spanish Court Hotel, Kingston (confirmed)

Who: About 80 students, roughly 20 teams

Organisers: Nadani Dixon and Stefen Ewers

WHY WIGTON

Wigton's CSR policy names education and environmental advocacy and youth development among its areas of focus, alongside climate change mitigation.[1]

WHAT WE ARE ASKING

Support for Hack876 toward the student programme on the day, with the option of Wigton's name on the Resilience track prize.

WHAT IT MAKES POSSIBLE

A free day of building for about 80 students from 5th Form to Upper 6th, many at their first hackathon: mentoring, materials, meals and the running of the day.

WHAT WIGTON RECEIVES

Wigton's logo on hack876.com and on stage, a thank-you in the programme, a feature on Instagram @hack876ja, and a recap with photos.

THE NEXT STEP

A reply on whether Wigton would support Hack876, and whether it would like its name on the Resilience track prize.

01 WHY WIGTON

A clean energy future needs young builders.

Hack876 puts young Jamaicans in front of real problems for a day. Some teams will take on climate and infrastructure, and every team will build something that works.

WIGTON ENERGY MISSION

"We champion the transition to clean energy across the Caribbean, delivering accessible, reliable, and sustainable clean power solutions that empower communities and secure a resilient future for the region."[2]

Wigton's CSR policy names climate change mitigation, education and environmental advocacy, and youth development among its areas of focus.[1]

Its scholarship supports engineering students at UWI Mona and NCU with J$1,000,000 a year for two years.[3]

Wigton operates the Wigton Renewable Energy Training Lab at Rose Hill to build local capacity in engineering and renewable energy.[4]

WHAT WIGTON ALREADY BACKS

SINCE 2000

Jamaica's renewable energy partner.

Incorporated in April 2000, and now listed on the Jamaica Stock Exchange.[2]

WIND AND SOLAR

62.7MW of wind.

Utility-scale wind at Rose Hill, Manchester, with about 70.53MW of solar PV being implemented.[2]

2016

A training lab.

The Wigton Renewable Energy Training Lab opened at Rose Hill.[5]

2025

Engineering scholarships.

The first Wigton Energy scholarship went to a UWI civil engineering student.[6]

02 OUR REQUEST

J$400,000 toward a free day of young Jamaicans building real tech.

J$400,000 YOUTH AND STEM SUPPORT · INAUGURAL HACK876

J$400,000 helps support a free day of building for students from 5th Form to Upper 6th, alongside P237 Labs, Lev Beauty, Vault Motors, Norus Technologies, Frankies and .xyz. As an option, the Resilience track prize could carry Wigton's name. The Resilience track asks teams to think about climate, infrastructure, emergencies or community resilience. The judging panel still decides the winner.

WHAT IT HELPS SUPPORT

- **Programming.** Helps support mentoring, judging and the student programme.
- **Prizes.** Contributes toward the prizes for the top teams.
- **Materials.** Contributes toward participant materials and supplies.
- **The event overall.** Used where it helps the students most.

WHAT WIGTON WOULD RECEIVE

- Logo on hack876.com and on stage
- A thank-you in the event programme
- A feature on Instagram, @hack876ja
- A post-event recap with photos
- Optional: Wigton's name on the Resilience track prize

03 DELIVERY AND NEXT DECISION
