Dr. Jacqueline Pinto
Acting Principal
Ardenne High School
10 Ardenne Road
Kingston 10

Dear Dr. Pinto,

Re: Invitation for Ardenne High School to take part in Hack 876, Saturday 20 February 2027

We write to invite students of Ardenne High School to take part in Hack 876, a free, one-day hackathon on Saturday 20 February 2027 at the Spanish Court Hotel, Kingston, Jamaica. Students in 5th Form through Upper 6th Form from schools across Kingston will work in teams of 3 to 4 to build a working prototype of an idea, then present it to judges from industry.

In March 2026 Ardenne became the pilot site for the UTech and Kiwanis STEM Education Project, and its Robotics Club is already building and demonstrating its work. Diandra McPherson, an Ardenne past student who works at Earle & Wilson, is helping Hack 876 as a community partner.

Taking part asks very little of Ardenne. There is no cost to the school or to students, nothing for the school to host, organize or transport, and no class time, because the event is on a Saturday. We ask only for a member of staff to act as our contact, and for teachers to share the opportunity with eligible students, who register themselves on MLH. The organizers handle consent forms and the event itself, and families receive safety details before the day. Whether students take part remains a decision for the school and for families.

We wrote to the school by email on 16 October 2026. In case that message did not reach your desk, we wanted you to have this in hand. To confirm Ardenne's participation, please email info@hack876.com, or ask a member of staff to do so. Campion College and Hillel Academy have confirmed their participation, and we would be honoured to welcome Ardenne students alongside them.

Yours sincerely,

Stefen Ewers
Co-organizer, Hack 876

Nadani Dixon
Co-organizer, Hack 876
