Mr. Wayne Robinson
Principal
Jamaica College
189 Old Hope Road
Kingston 6

Dear Principal Robinson,

Re: Invitation for Jamaica College to take part in Hack 876, Saturday 20 February 2027

We write to invite students of Jamaica College to take part in Hack 876, a free, one-day hackathon on Saturday 20 February 2027 at the Spanish Court Hotel, Kingston, Jamaica. Students in 5th Form through Upper 6th Form from schools across Kingston will work in teams of 3 to 4 to build a working prototype of an idea, then present it to judges from industry.

In 2023 JC's Bluebots won Jamaica's FIRST Tech Challenge championship and became the first Jamaican team to win the MOTIVATE Award at the World Championship, and JC STEAMING UP has brought project-based learning to the whole school since 2021. Padrique Duncan, a JC past student who works at Scotia Investments, is helping Hack 876 as a community partner.

Taking part asks very little of JC. There is no cost to the school or to students, nothing for the school to host, organize or transport, and no class time, because the event is on a Saturday. We ask only for a member of staff to act as our contact, and for teachers to share the opportunity with eligible students, who register themselves on MLH. The organizers handle consent forms and the event itself, and families receive safety details before the day. Whether students take part remains a decision for the school and for families.

We wrote to you by email on 16 October 2026 and would be glad to hear from you. To confirm JC's participation, please email info@hack876.com, or ask a member of staff to do so. Campion College and Hillel Academy have confirmed their participation, and we would be honoured to welcome JC students alongside them.

Yours sincerely,

Stefen Ewers
Co-organizer, Hack 876

Nadani Dixon
Co-organizer, Hack 876
