

Jamaica's next digital producers have to start somewhere.

The NCB Foundation pays for students to sit IT exams so Jamaica can grow its pool of digital producers. Hack876 gives them one day to actually produce something.

DAY

ONE DAY TO BUILD SOMETHING THAT SHOULD EXIST.

What if young Jamaicans experienced themselves as builders before anyone told them what career they should have?

Before the degree.

Before the first job.

Before anyone hands them a title.

There is usually a first moment when someone realizes: I can build this.

For most young people, that moment arrives late, if it arrives at all.

Hack876 is designed to create more of those moments.

Meet Hack876.

Hack876 is a one-day build competition for approximately **80 secondary-school students** from 5th Form through Upper 6th Form, working in teams of 3 to 4, roughly 20 teams in all.

Teams pick a real problem, use modern tools including AI, get guidance from mentors, and finish the day with a working prototype and a pitch to judges. It is not a school assignment and there is no answer key.

Our **9-school network** in Kingston is made up of the schools where the Hack876 team currently has relationships and can coordinate most reliably. It is not an exclusive eligibility list.

BUILD SOMETHING THAT SHOULD EXIST.

A hackathon is bigger than software.

Hack876 is an open build competition. Teams choose the problem and the medium.

Some will write code. Some will wire circuits. Some will design a service, a business or a tool nobody has thought of yet.

A team might build:

A piece of software

An AI tool

An automation

A data product

A tool for small businesses

Hardware

A robot

A physical prototype

A resilience solution

Something none of us expected

The medium does not matter.

The instinct to create does.

You already invest in the subjects. We add the first build.

Hack876 is where students who sit IT get to prove they can build with it.

N.C.B. FOUNDATION MISSION

“Empowering minds, strengthening communities and building Jamaica's future.”¹

The Foundation is the philanthropic arm of the NCB Financial Group, funded by 1% of NCB Jamaica's annual profits.¹

In 2019 it shifted its focus to digital, with a goal to support the expansion of the pool of digital producers in Jamaica.²

Its 2026 CSEC bursary covers Information Technology, Principles of Accounts and Principles of Business, built around access, relevance and preparedness.³

Its scholarships give preference to technology and computing, software, data science, cybersecurity and digital media.⁴

Its Level Up Grants Programme offers digital skills training and supports entrepreneurship.⁵

Years of steady, measurable giving to education.

SINCE 2003

1% of profits, every year.

Funded by 1% of NCB Jamaica's annual profits, with J\$1BN+ invested in education and 111,720 students assisted (as at December 2024).¹

2019

A deliberate turn to digital.

The Foundation shifted its focus to digital to grow Jamaica's pool of digital producers, moving its CSEC bursary towards Information Technology.²

2026

3,183 students. 36 schools.

J\$15.9 million in CSEC exam fees for IT, Principles of Accounts and Principles of Business, up from 1,310 students in 2025.³

SCHOLARSHIPS

Tech comes first.

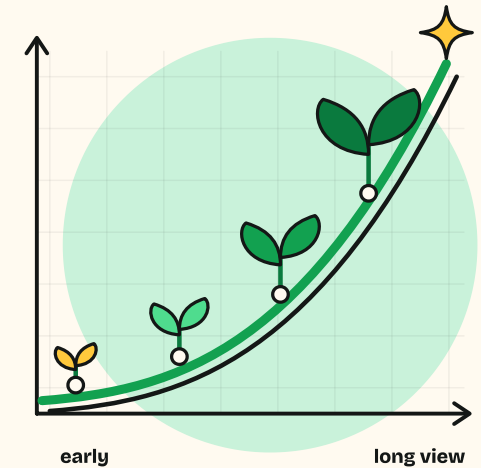

Undergraduate scholarships give preference to computing, software, data science, cybersecurity and creative technologies.⁴

DIGITAL SCHOLARSHIP

Up to J\$400,000 a year.

A dedicated Digital Scholarship for first-year students at accredited local institutions.⁵

**The Foundation measures what it gives.
Hack876 is built to be measured the same way.**

9 schools. One room.

Thalia Lyn is an Immaculate alumna and the school's first Hall of Fame inductee, and has backed a technology scholarship there. Our judge Sheneska Williams is an Immaculate alumna too.⁶

Hack876 begins with the schools where we already have relationships and can coordinate most reliably for the inaugural staging. Formal confirmations are still in progress, and the network is not an exclusive eligibility list.

Hillel Academy	Campion College
Jamaica College	Immaculate Conception High School
Wolmer's	Ardenne High School
American International School of Kingston	St. Andrew High School for Girls
St. George's College	

There are two natural homes for this inside the NCB Foundation.

NCB's sponsorship form asks how an initiative aligns with Empowering People, Unlocking Dreams, Building Communities, and how success will be measured. We have answered both here.⁷

PATH 1 • THE FOUNDATION

A grant from the N.C.B. Foundation

- ✓ Fits the Foundation's focus on digital skills and education.
- ✓ Follows naturally from the CSEC IT bursary.
- ✓ Reported back in students, schools and builds.
- ✓ Recognition for the Foundation, not NCB products.

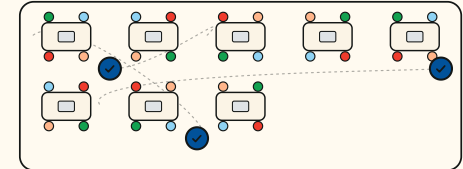

PATH 2 • NCB SPONSORSHIPS

Through NCB's sponsorship request

- ✓ Uses NCB's own sponsorship form.
- ✓ Speaks to Empowering People, Unlocking Dreams, Building Communities.
- ✓ Includes a clear plan for measuring success.

The NCB Foundation's contribution does not have to be purely financial.

PEOPLE IN THE ROOM.

01

NCBees on the floor

A few NCBees volunteers to help with check-in, timekeeping and keeping teams moving.

02

Judges

People from NCB's technology, digital and data teams to judge alongside our panel.

03

Business-track mentors

Finance and business staff to help teams in the Business track test their numbers.

04

A word to open the day

Perrin Gayle or someone from the Foundation on why digital skills matter for Jamaica.

05

A scholar's story

A Foundation scholar from a tech discipline, if one is willing, on what came after their first build.

GROUND RULES WE WILL HOLD OURSELVES TO

No banking products, accounts or financial offers are marketed to students. Many participants are minors.

No student data is collected or shared for the Foundation or NCB. Any recap uses group numbers and school-approved photos only.

Volunteers and judges work in open, supervised spaces under the host school's safeguarding rules.

The honest answer to the visibility questions.

Will the NCB Foundation be visible? Yes, across event materials, programming and post-event storytelling, at a level that matches the partnership.

Is the audience relevant? It is the next generation of Jamaican builders, professionals and leaders, met early.

Can it build longer relationships? Yes, through people, schools and a second year, not through leads.

WHO IS IN AND AROUND THE ROOM

Ambitious secondary-school students

Approximately 80 of them, from 5th Form through Upper 6th Form.

Parents and families

Who see who showed up for their children.

Teachers and school communities

Across our network of 9 schools in Kingston.

Future university students

Making choices about what to study and where.

Future founders and professionals

Meeting the NCB Foundation early, and in the right way.

Many participants are minors. We will not promise leads, reach, impressions or data.

Become a Founding Gold Partner of the inaugural Hack876.

J\$1,000,000

FOUNDING GOLD PARTNER · INAUGURAL HACK876

Gold is flexible: it covers prizes, food and the day itself in one gift. If an itemised gift fits the Foundation better, the Prize Partner tier is a clean alternative.

It may support areas such as:

- ✓ Event production
- ✓ Equipment and materials
- ✓ Prizes
- ✓ Programming and logistics
- ✓ Student experience
- ✓ Food
- ✓ Signage
- ✓ Operational costs

A flexible, discretionary contribution. It is not a title sponsorship, and it carries no naming rights.

PROPOSED RECOGNITION

N.C.B. Foundation

Founding Gold Partner · Inaugural Hack876

Closest Hack876 tracks: Learn, Business

More than a logo placement.

-
- | | | |
|--|---|--|
| 01 Founding-year association with the first Hack876 | 02 Recognition during opening and closing programming | 03 Opportunity for leadership to address students |
| 04 People in the room as judges, mentors and speakers | 05 Relationships with the schools in the Hack876 network | 06 Visibility across event materials, appropriate to the level selected |
| 07 Photo and video storytelling from the event | 08 Invitation to the finals and awards | 09 A post-event recap, and an early conversation about year two |
-

Everything above is deliverable by the Hack876 team. We will not promise media reach we cannot substantiate.

Choose the level that fits.

Official Prize Partner

~US\$3,500

OUR SUGGESTION FOR THE NCB FOUNDATION

Hack 876 Winner	iPad per student (up to 4)	Approximately US\$1,800
Second Place	AirPods Pro per student (up to 4)	Approximately US\$1,000
Third Place	US\$150 gift card per student (up to 4)	US\$600

Special Awards Partner

US\$600

Best Design, Boldest Idea, People's Choice: US\$600 for all 3, or US\$200 for one, presented by the NCB Foundation.

Food & Student Experience Partner

US\$1,000

Approximately J\$150,000 for meals and refreshments, in cash or in kind.

In-kind / People Partner

TIME AND EXPERTISE

Judges, mentors, speakers, volunteers and resources.

AN IDEA, NOT YET A HACK876 AWARD

N.C.B. Foundation Digital Producers Award (suggested)

A suggested award for the team with the most complete working build, echoing the Foundation's own goal of growing Jamaica's pool of digital producers.

Costs are approximate. Final prize configuration may change with team structure, pricing and availability.

Every option at a glance.

FOUNDING GOLD PARTNER

J\$1,000,000

INAUGURAL HACK876

Gold is flexible: it covers prizes, food and the day itself in one gift. If an itemised gift fits the Foundation better, the Prize Partner tier is a clean alternative.

OFFICIAL PRIZE PARTNER

The primary competition prizes.

~US\$3,500

SPECIAL AWARDS PARTNER

All 3 special awards, or US\$200 for one.

US\$600

FOOD & STUDENT EXPERIENCE PARTNER

Approximately J\$150,000 for meals and refreshments, in cash or in kind.

US\$1,000

IN-KIND / PEOPLE PARTNER

Judges, mentors, speakers, volunteers and resources.

Time

N.C.B. FOUNDATION DIGITAL PRODUCERS AWARD (SUGGESTED)

A custom award shaped together.

Proposed

The size of the commitment can change. The invitation to be part of the first one does not.

There is no faceless sponsorship process here.

This proposal is for **Perrin Gayle, Chief Executive Officer, N.C.B. Foundation.**¹

If the NCB Foundation is interested, we can decide together what involvement should actually look like.

QUESTIONS WE WOULD ANSWER TOGETHER

- ✓ How will you measure success, and what will you report back to us?
- ✓ How does this connect to the CSEC IT bursary schools we already support?
- ✓ What exactly would a Gold gift pay for?
- ✓ When is the date, and when would you need a decision?
- ✓ Who else are you asking, including other financial institutions?
- ✓ How do you protect students, especially the minors?

A conversation, not a workload.

Deliberately focused.

Our vision is national. This inaugural staging does not have national-event resources, and we will not pretend it does.

Approximately 80 students. A school network of 9 in Kingston. One day, done properly.

Build the first one well.

Learn from it.

**Earn the right to make
the second one bigger.**

2027

Help make the first Hack876 happen.

No multi-year commitment required.

FUTURE POSSIBILITIES, ONLY IF BOTH SIDES FIND IT VALUABLE. NOT COMMITMENTS.

A recurring Digital Producers award that returns each year.

Places for students from CSEC IT bursary schools as Hack876 grows.

A clear signpost from Hack876 to the Foundation's Digital and National Scholarships.

A link to the Level Up Grants Programme for students who want to keep building.

NCBees-led prep sessions in schools before the day.

HACK876 × N.C.B. FOUNDATION

Somewhere in that room may be a future founder, engineer, designer or leader.

They do not need us to decide who they become.

They need an opportunity to begin.

HELP US BUILD THAT OPPORTUNITY.

We would love to explore the right first step with Perrin, Thalia and the N.C.B. Foundation team.
