HACK876 × BRITISH COUNCIL JAMAICA

PRIVATE PARTNERSHIP PROPOSAL

Every classroom needs a day to build.

The British Council is helping Jamaican teachers bring creativity and computational thinking into class. Hack876 gives secondary-school students one day to show what that looks like in their own hands.

WHAT HACK876 IS

A one-day build competition in Kingston for about 80 secondary-school students, 5th Form through Upper 6th Form, working in teams of 3 to 4. Teams pick a real problem and finish the day with a working prototype and a pitch to judges.

When: Saturday, February 20, 2027 (tentative)

Where: Spanish Court Hotel, Kingston (confirmed)

Who: About 80 students, roughly 20 teams

Organisers: Nadani Dixon and Stefen Ewers

WHY THE BRITISH COUNCIL

The British Council is helping Jamaican teachers bring creativity and computational thinking into class through its STEAM programme.

WHAT WE ARE ASKING

One British Council speaker for a short talk in the opening session, and help inviting STEAM-trained teachers to mentor teams.

WHAT IT MAKES POSSIBLE

Students hear where STEAM can lead, and teams get mentors who already teach this way.

WHAT THE BRITISH COUNCIL RECEIVES

Programme teachers see their training used by students from several schools in one room, and the British Council receives a written recap.

THE NEXT STEP

A reply on whether a speaker and a call for teacher mentors are possible, and who should coordinate.

Nadani Dixon and Stefen Ewers, Hack876 organisers · info@hack876.com

01 THE REQUEST

What we are asking for, and how it would be used.

The British Council works through people and partnerships, so that is our ask: teachers, know-how and a UK connection, not a cheque.

- ✓ **Help inviting STEAM-trained teachers from the programme to mentor teams, where appropriate.**
- ✓ **A British Council speaker on STEAM, creativity and global pathways.**
- ✓ **Advice on shaping a creativity challenge, drawing on Codefest and STEAM Challenge experience.**
- ✓ **Introductions to UK STEAM practitioners who could judge or mentor remotely.**
- ✓ **Sharing the call for applications with programme teachers in our schools.**

QUANTITIES, TIMING AND DELIVERY

Speaker: one short talk in the opening session, at Spanish Court Hotel.

Teacher mentors: any part of the build period on the day, in person.

Remote judging or mentoring from the UK is welcome too.

No funding is requested.

WHY THE BRITISH COUNCIL

STEAM Education in Schools Jamaica runs from November 2024 to October 2027 and aims to train 10,770 teachers and benefit 328,500 students.[3]

The programme names Codefest and STEAM Challenges as ways to actively engage students.[3]

It deliberately builds in creativity, the 'A' in STEAM, to give students more than one way into learning.[3]

WHAT THE BRITISH COUNCIL WOULD RECEIVE

In-kind Partner · Inaugural Hack876

A meaningful in-kind contribution can be recognized at an equivalent level, based on a usable value agreed together. The advertised value of software credits or volunteer hours is not counted as cash automatically.

02 DELIVERY AND NEXT DECISION

Who is running it, and what we need from you.

ORGANISERS	Nadani Dixon (Redfin) and Stefen Ewers (Anthropic Claude Ambassador) lead the event and are the contacts for this proposal.
VENUE	Spanish Court Hotel in Kingston is confirmed as the venue.
DATE	Saturday, February 20, 2027 is the working date. It is tentative until confirmed with schools.
JUDGES	7 judges have confirmed, from Tesla, Microsoft, Meta, Google, Accenture, Diageo, HashiCorp.

Schools: 1 confirmed, 2 in talks, 6 not yet confirmed, from a network of 9 in Kingston. Sponsors do not receive student contact details, and there are no sign-ups or selling on the day. Photos and names are used only with school and parent consent.

THE DECISION WE ARE ASKING FOR

A reply on whether a speaker and a call for teacher mentors are possible, and who should coordinate.

Your contact: Nadani Dixon and Stefen Ewers, Hack876 organisers · **info@hack876.com**

WHAT YOU WOULD RECEIVE AFTERWARDS: A WRITTEN RECAP

- ✓ **How many students, teams and schools took part**
- ✓ **What the teams built, with the finalist projects described**
- ✓ **How your contribution was used**
- ✓ **Photos, only where schools and parents have consented**

We do not report reach, impressions or leads, and we do not share student contact details.
