HACK876 × LORING CONSULTING ENGINEERS

PRIVATE PARTNERSHIP PROPOSAL

# Put working engineers in the room with Jamaica's next builders.

Hack876 is open to hardware, energy and building-systems projects as well as software. Students who try them need to meet people who do that work.

WHAT HACK876 IS

A one-day build competition in Kingston for about 80 secondary-school students, 5th Form through Upper 6th Form, working in teams of 3 to 4. Teams pick a real problem and finish the day with a working prototype and a pitch to judges.

**When:** Saturday, February 20, 2027 (tentative)

**Where:** Spanish Court Hotel, Kingston (confirmed)

**Who:** About 80 students, roughly 20 teams

**Organisers:** Nadani Dixon and Stefen Ewers

WHY LORING

Loring opened its Kingston office in 2023, and its CEO, Oneil Gayle, was born and raised in Jamaica and began at Loring as a summer intern.

WHAT WE ARE ASKING

**Loring engineers as judges, mentors and a speaker on the day. We also invite Loring to consider a Platinum contribution toward the event.**

Platinum Partner: J$1,000,000+. Any level is welcome, and the levels are set out in the appendix.

WHAT IT MAKES POSSIBLE

Teams building physical and technical projects get advice from working engineers. A contribution helps support the equipment teams build with, the prizes, student meals and the running of the day.

WHAT LORING RECEIVES

Loring's Kingston engineers work with about 80 students for a day. Loring receives recognition that matches its contribution, and a written recap.

THE NEXT STEP

**A conversation with Johnathan Clarke at Loring, who already works with Hack876, on which engineers could take part and whether a contribution is possible.**

Nadani Dixon and Stefen Ewers, Hack876 organisers · info@hack876.com

01 MORE THAN MONEY

# What Loring brings cannot be measured only in dollars.

Funding makes Hack876 possible.

But Loring can contribute something equally valuable:

## ENGINEERS IN THE ROOM.

- **People who understand how ideas become systems.**
- **People who can ask better questions.**
- **People who have solved problems where the constraints are real.**
- **People who can show a 17-year-old what an engineering career actually looks like.**

**01**

### Mentors

Helping teams think through technical problems.

**02**

### Judges

Evaluating creativity, execution and engineering thinking.

**03**

### Speakers

Showing students where engineering can take them.

**04**

### Challenge partners

Introducing a real-world engineering problem for students to explore.

**05**

### Long-term connectors

Continuing relationships with students and participating schools where appropriate.

ALREADY IN THE ROOM

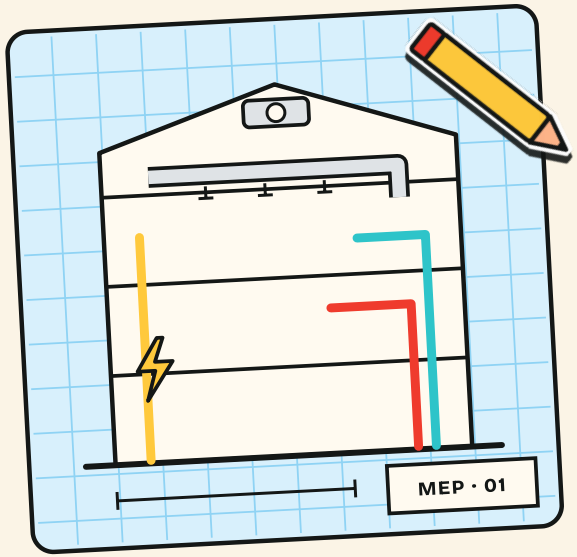

**Johnathan Clarke of Loring Consulting Engineers is already a Hack876 partner.**

A long-standing friend of the Hack876 organizers, Johnathan is already part of the first cohort of people willing to believe in it before the proof exists.

# We do not simply want Loring's logo in the room.

**We want Loring's engineers in the room.**

# Why Loring?

**Because the alignment goes much deeper than sponsorship.**

Loring has spent 70 years solving complex engineering problems.[1]

Today, that story increasingly includes Jamaica.

Loring opened its Kingston office in 2023 and formally launched the office in Jamaica in 2026.[2]

The reason matters.

CEO **Oneil Gayle**, born and raised in Jamaica, has spoken about wanting to help expand career pathways for engineers in Jamaica.[2]

Loring is already investing in engineering talent in Jamaica.

**Hack876 creates an opportunity to begin that investment even earlier.**

**Before the internship.**
**Before the degree.**
**Before the first job application.**

# Become a Platinum Partner of the inaugural Hack876.

# J$1,000,000

**FOUNDING PARTNER · INAUGURAL HACK876**

CONTRIBUTION LEVELS. ANY AMOUNT WITHIN A LEVEL IS WELCOME.

| Bronze Partner | Silver Partner | Gold Partner | Platinum Partner SUGGESTED |
|---|---|---|---|
| J$50,000 to below J$200,000 | J$200,000 to below J$500,000 | J$500,000 to below J$1,000,000 | J$1,000,000+ |

**In-kind & Community Support:** devices, gift cards, meals, refreshments, supplies, connectivity, expertise, and contributions below J$50,000.

This is a flexible sponsorship contribution supporting the overall production and student experience of the inaugural Hack876.

It is intentionally not restricted to one line item.

The funding gives the Hack876 team the ability to deploy resources where they have the greatest impact across areas such as:

- ✓ Event production
- ✓ Equipment and materials
- ✓ Prizes
- ✓ Operational costs
- ✓ Student experience
- ✓ Food and refreshments
- ✓ Signage and environment
- ✓ Programming and logistics

PROPOSED RECOGNITION

## Loring Consulting Engineers

**Platinum Partner · Inaugural Hack876**

The goal is not simply to place Loring's logo around the event.

It is to recognize Loring as one of the organizations that helped make the first Hack876 possible.

# What Platinum Partnership looks like.

Potential integration includes:

| | | |
|---|---|---|
| **01** Prominent Platinum Partner recognition across Hack876 event materials and digital experiences | **02** Recognition during opening and closing programming | **03** Opportunity for Loring leadership to address students |
| **04** Participation of Loring engineers as judges, mentors and speakers | **05** Dedicated Loring presence within the event | **06** Recognition in relevant school and participant communications |
| **07** Inclusion in Hack876 photography, recap content and post-event storytelling | **08** Opportunity to collaborate on an engineering-focused challenge | **09** Early conversation around future Hack876 events and expansion |

**Most importantly:** direct participation in the experience of approximately 80 young Jamaicans at the moment they are deciding what they might become.

# A first-year event, with the essentials in place.

| | |
|---|---|
| **ORGANISERS** | Nadani Dixon (Redfin) and Stefen Ewers (Anthropic Claude Ambassador) lead the event and are the contacts for this proposal. |
| **VENUE** | Spanish Court Hotel in Kingston is confirmed as the venue. |
| **DATE** | Saturday, February 20, 2027 is the working date. It is tentative until confirmed with schools. |
| **JUDGES** | 7 judges have confirmed, from Tesla, Microsoft, Meta, Google, Accenture, Diageo, HashiCorp. |
| **THE DAY** | One day, 8:00 AM to 7:30 PM: an opening, a build period with mentors, judging, finals and awards. |

SCHOOL NETWORK AND STATUS

| | |
|---|---|
| Hillel Academy | IN TALKS |
| Campion College | CONFIRMED |
| Jamaica College | NOT YET CONFIRMED |
| Immaculate Conception High School | NOT YET CONFIRMED |
| Wolmer's | NOT YET CONFIRMED |
| Ardenne High School | IN TALKS |
| American International School of Kingston | NOT YET CONFIRMED |
| St. Andrew High School for Girls | NOT YET CONFIRMED |
| St. George's College | NOT YET CONFIRMED |

1 confirmed, 2 in talks, 6 not yet confirmed. This is the network where the Hack876 team has relationships. It is not a list of confirmed participants, and it is not an exclusive eligibility list.

SAFEGUARDS. MANY PARTICIPANTS ARE MINORS.

**Sponsors do not receive student contact details, and there are no sign-ups or selling on the day.**

**Mentors and volunteers work in open, supervised spaces.**

**Photos and names are used only with school and parent consent.**

**The judging panel decides every award. Sponsorship carries no influence over judging and no naming rights.**

06 EVIDENCE AND NEXT DECISION

# What you would see afterwards, and what we need from you now.

WHAT YOU WOULD RECEIVE AFTERWARDS: A WRITTEN RECAP

- How many students, teams and schools took part
- What the teams built, with the finalist projects described
- How your contribution was used
- Photos, only where schools and parents have consented

We do not report reach, impressions or leads, and we do not share student contact details.

THE DECISION WE ARE ASKING FOR

**A reply on which engineers could take part, and whether Loring would consider a contribution at Platinum or another level.**

**Your contact:** Nadani Dixon and Stefen Ewers, Hack876 organisers · info@hack876.com

**We would love to build the first one with Loring.**

# Contribution levels, and what each receives.

Any amount within a level is welcome.

### Bronze Partner

**J$50,000 to below J$200,000**

- Recognition on the Hack876 website
- Included in the grouped sponsor thank-you
- Named in the post-event recap

### Silver Partner

**J$200,000 to below J$500,000**

- Everything in Bronze
- Placement on event signage
- Acknowledgement in the opening and closing

### Gold Partner

**J$500,000 to below J$1,000,000**

- Everything in Silver
- More prominent placement
- A dedicated sponsor feature
- Logo on event shirts, if shirts are produced*

### Platinum Partner

**J$1,000,000+**

OUR SUGGESTION

- The most prominent sponsor placement
- An agreed opportunity to take part in the programme
- Logo on event shirts, if shirts are produced*

These are proposed benefits, to be agreed when a sponsorship is confirmed. A sponsor can contribute any amount within a band.

*Shirt placement applies only if event shirts are produced and artwork arrives before the production deadline.

Speaking, mentoring, presenting an award and judging are subject to suitability and programme capacity. Sponsorship does not buy influence over judging, and no level carries naming rights.

# PLANT THE SEED EARLY.

Jamaica already produces extraordinary talent.

The opportunity is to help more of that talent discover what it can become sooner.
