HACK876 × UNIVERSAL SERVICE FUND

PRIVATE PARTNERSHIP PROPOSAL

Connectivity, put to work by young Jamaicans.

The USF connects Jamaicans and invests in the skills to use that access. Hack876 is one day where secondary-school students do exactly that, building real things on a reliable connection.

WHAT HACK876 IS

A one-day build competition in Kingston for about 80 secondary-school students, 5th Form through Upper 6th Form, working in teams of 3 to 4. Teams pick a real problem and finish the day with a working prototype and a pitch to judges.

When: Saturday, February 20, 2027 (tentative)

Where: Spanish Court Hotel, Kingston (confirmed)

Who: About 80 students, roughly 20 teams

Organisers: Nadani Dixon and Stefen Ewers

WHY THE USF

The USF connects Jamaicans and funds the skills to use that access, including through its ICT Education Grant.

WHAT WE ARE ASKING

A USF speaker and technical mentors on the day. We are testing the venue's Wi-Fi first, and would ask about temporary connectivity only if that shows a gap.

WHAT IT MAKES POSSIBLE

Students hear how connectivity reaches communities, and teams get help from people who build networks.

WHAT THE USF RECEIVES

In-kind recognition and a written recap. Older students hear about the ICT Education Grant directly from the USF.

THE NEXT STEP

A reply on whether a speaker and mentors are possible. If the venue test shows a gap, we will write formally to the CEO with the details.

Nadani Dixon and Stefen Ewers, Hack876 organisers · info@hack876.com

01 THE REQUEST

What we are asking for, and how it would be used.

People first: a speaker and mentors keep the request simple for a public agency. Connectivity support would follow only if the venue needs it.

- ✓ **A USF speaker on connectivity, digital skills and the ICT Education Grant**
- ✓ **Mentors from the USF projects and technical teams**
- ✓ **Temporary event connectivity, only if the venue test shows a gap**

QUANTITIES, TIMING AND DELIVERY

Speaker: one short talk on the day, at Spanish Court Hotel.

Mentors: any part of the build period, in person.

Connectivity: the venue is a hotel with its own network. We will test it for about 80 students working at once before asking for anything.

WHY THE USF

The USF, an agency under the Ministry of Energy, Transport and Telecommunications, is mandated to bridge the digital divide by ensuring Jamaicans have access to ICT.[2]

For 25 years the USF has run the ICT Education Grant Programme, including an Emerging Digital Leaders Grant for people aged 17 to 28.[2]

The USF supports ICT clubs in more than 35 secondary schools, alongside free public Wi-Fi and Community Access Points.[3]

WHAT THE USF WOULD RECEIVE

In-kind Partner · Inaugural Hack876

A meaningful in-kind contribution can be recognized at an equivalent level, based on a usable value agreed together. The advertised value of software credits or volunteer hours is not counted as cash automatically.

02 DELIVERY AND NEXT DECISION

Who is running it, and what we need from you.

ORGANISERS	Nadani Dixon (Redfin) and Stefen Ewers (Anthropic Claude Ambassador) lead the event and are the contacts for this proposal.
VENUE	Spanish Court Hotel in Kingston is confirmed as the venue.
DATE	Saturday, February 20, 2027 is the working date. It is tentative until confirmed with schools.
JUDGES	7 judges have confirmed, from Tesla, Microsoft, Meta, Google, Accenture, Diageo, HashiCorp.

Schools: 1 confirmed, 2 in talks, 6 not yet confirmed, from a network of 9 in Kingston. Sponsors do not receive student contact details, and there are no sign-ups or selling on the day. Photos and names are used only with school and parent consent.

THE DECISION WE ARE ASKING FOR

A reply on whether a speaker and mentors are possible. If the venue test shows a gap, we will write formally to the CEO with the details.

Your contact: Nadani Dixon and Stefen Ewers, Hack876 organisers · info@hack876.com

WHAT YOU WOULD RECEIVE AFTERWARDS: A WRITTEN RECAP

- ✓ **How many students, teams and schools took part**
- ✓ **What the teams built, with the finalist projects described**
- ✓ **How your contribution was used**
- ✓ **Photos, only where schools and parents have consented**

We do not report reach, impressions or leads, and we do not share student contact details.
